

## The Yun Family's Ninth Child is an Imp! Chapter 2360

Time passed quickly. In the blink of an eye, it was already evening. In less than two hours, the sun would set.

What Yun Chujiu thought of, everyone also thought of. Once the sun set, Xue Mo would definitely make a comeback. What should they do?

“Yun Chujiu, why don't We Bury this stone egg? Bury it deep?”A student said.

Yun Chujiu was speechless. Could she be any more stupid? ! Xue Mo didn't have a physical body, so what was the point of burying it deep? !

“Yun Chujiu, why don't we throw this stone egg far away? As long as it can't find us before dawn, we won't be afraid of it.”

Yun Chujiu felt that this idea was alright, but it was probably too late now. According to their speed, Xue Mo could catch up to them in two hours.

Moreover, this was a way to treat the symptoms but not the root of the problem. Even if they could avoid Xue Mo, they would not be able to avoid him.

When Yun Chujiu told them her idea, everyone immediately felt discouraged. This was not going to work either. Could it be that they could only wait for Xue Mo to counterattack?

Yun chujiu was also very angry. She looked at Shi Dan on the ground and scolded, "No Matter What, you used to be the shell of the Heaven Punisher Divine Axe. How can you protect a demon? Are You Stupid?"

Yun Chujiu was also desperate. It was unlikely that this piece of stone would have sentience. If it had sentience, it would not have been controlled by Xue Mo. she was just venting her anger.

The More Yun Chujiu thought about it, the angrier she got. She kicked the stone egg. Perhaps she used too much strength, but she actually kicked the stone egg onto the stone wall.

Then, this guy sadly discovered that two-thirds of the stone egg was embedded in the stone wall. She wanted to pull the stone egg out, but no matter how hard she tried, she could not pull it out.

This fellow stomped her feet in anger and subconsciously took out a large kitchen knife and slashed at the stone egg.

The knife slashed down, and this fellow also regretted it!

Although this large kitchen knife had been stolen from the Ling Hua sect's large kitchen, it had followed her for several years. Not only had it chopped firewood and cut demon beast meat, but it had also helped her extort quite a number of spirit stones, with this slash, this large kitchen knife was probably going to be crippled.

However, because she was too angry, she used too much strength, and it was already too late for her to withdraw her hand.

All of this happened in the midst of sparks. Yun chujiu only heard a clear clang sound, and the stone egg was actually cut into two halves. The stone egg once again turned into pieces, and Xue Mo jumped out from within.

The large kitchen knife in Yun Chujiu's hand had slipped out of her hand because she used too much strength, and with a clang, it fell to the ground.

At this moment, Xue Mo was dumbfounded. It thought that it was safe to hide in the stone egg. When it came out at night, it would be able to take revenge. Who would have thought that the stone egg was broken!

How could it be broken?

It was obviously not a good time to consider this question. It grabbed Yun Chujiu's neck.

Yun chujiu was too surprised because of the broken egg shell, so she did not have time to react. Being ambushed by Xue Mo, one could imagine the frustration in her heart.

“Jie Jie, you stinky girl! I’ve never suffered such a huge loss before. However, as long as I drink your blood, my cultivation will recover a lot. The heavens don’t want me to Die!”Xue Mo shouted excitedly.

Yun chujiu was strangled and couldn’t speak at all. She could only keep flailing around like a chick being strangled.

Everyone was stunned. No one had expected such a turn of events. What should they do now?

Zhai Shanshan shouted, “Let’s use fire to attack. We have to kill Xue Mo first. Otherwise, when the sun sets, we will be dead!”
