

The Yun Family's Ninth Child is an Imp! Chapter 2366

Xue Wuji glanced at her again. "Little Sister Jiu, although I don't want to hurt you, we can't even find the eggshell now! Are you going to make the ground cold? Or are you going to make the stone wall cold?"

As the name suggested, the sinkhole was an irregular deep pit. It was surrounded by stone walls, so how could they get out?

Yun chujiu pointed at the top. "There's no way out from down there, but that doesn't mean there's no way out from up there! Let's climb up and see what's going on up there."

Last time, they didn't understand why they had come down because of Xue Mo. although they could only see stones, they might find something new in the distance.

Xue Wuji and Jin Zhi's spirits were lifted. Little Jiu's words made sense. There was no harm in going up and taking a look. If they encountered danger, they could just climb down again.

Thus, the three of them climbed up the stone wall.

"Little Jiu, which way should we go?" Jin Zhi saw that there were rocks that stretched as far as the eye could see. For a moment, she didn't know which way to go.

“We should go east along the stone wall. If there’s danger, we can climb down,” Yun Chujiu said.

However, after saying that, this guy felt that something was wrong. If they went along the stone wall, wouldn’t they be walking in a circle? Then, they wouldn’t be able to go east or west. They could only go south.

However, if they encountered danger, they would have no way to avoid it.

Then, the question was, should they go or not?

Yun chujiu shared her thoughts. Xue Wuji laughed. “Little Sister Jiu, we have no other choice anyway! What’s there to hesitate about? Let’s Go! It’s better than waiting here aimlessly.”

Yun chujiu giggled. “That’s what I meant as well. But after you guys taught me a lesson last time, I’ve learned to be cautious.”

Xue Wuji and Jin Zhi almost spat out a mouthful of blood. This guy sounded nice, but he had learned to be cautious? This guy was afraid that they would blame her, so he deliberately let Xue Wuji make the decision. This guy was getting more and more shameless!

The three of them chatted and laughed as they walked down the south. After walking for an entire day, they still saw rocks of all sizes. Not to mention demon beasts, they didn't even see a single plant.

"It's really strange. It's lush down there. Why isn't there any grass growing up here?" Jin Zhi said in puzzlement.

"Either there's no water source, or there's something terrifying. But according to common sense, since this is the birthplace of the Heaven Punisher Divine Axe, there shouldn't be anything bad here, right?" Yun Chujiu didn't believe what she said, the previous Xue Mo was a good example.

The next day, the three of them still found nothing.

On the third day, they still saw rocks.

The three of them couldn't help but feel discouraged. Not only did they see rocks, they couldn't even see the edge. Could it be that there was no end to this place?

However, there was no way out. They could only continue forward.

On the morning of the fourth day, the three of them realized that the sky was a little gloomy, as if it was going to rain.

“Little Jiu, could it be that the heavenly lightning is going to strike you?” Jin Zhi asked worriedly.

Yun chujiu shook her head. “These dark clouds don’t have any pressure. It should be just ordinary rain.” Wu Yun looked at Yun chujiu and said, “It’s going to rain.” “Since it’s going to rain, let’s take a day off today. Come, give us a hand. Let’s build an awning.” “Let’s enjoy the rain while we roast meat inside. It feels great just thinking about it.”

“Little Jiu, I’ve discovered that your greatest strength is your big heart!”

“That’s a terrible thing to say! This is called being strong, optimistic, tenacious, and fearless in my optimistic spirit...”
