

The Yun Family's Ninth Child is an Imp! Chapter 2370

Yun chujiu shouted several times, but the little flame acted as if it did not hear her. It continued to act as it wished and ran around, determined to eat up all the fire marrow here.

Yun chujiu was so angry that she gritted her teeth. Since it was useless, she could only use her hands.

So when the little flame jumped out again., yun chujiu caught the little flame. "Do you know that fire will die for food? ! If these stones run outside to cause trouble because of you, you will bear the Karma and you will never be able to transform into a human again!"

Perhaps it was because of Yun Chujiu's threat, the little flame obediently went into Yun Chujiu's right palm. However, Yun Chujiu could feel the little flame's unwillingness in her spiritual sense.

Pui! What a foodie!

Xue Wuji and Jin Zhi felt the temperature drop and rushed over. "Little Jiu, is there really fire marrow in here?"

Yun chujiu nodded and said, "When the temperature of the mountain in front drops a little, we will hurry over."

“Little Jiu, the fire marrow in this mountain range has been eaten by the little flame. Will it become a gap?” Jin Zhi asked worriedly.

“Don’t worry. Those rocks are far away from here, and they can only move on rainy days. By the time they react, the fire marrow in the other mountain ranges should have already occupied this place.”

Another two days had passed. Although the mountain was very hot, it was still possible to use spiritual power to protect their bodies. The three of them decided to start moving.

When Xue Wuji and Jin Zhi’s spiritual power could not hold on any longer, Yun chujiu took turns carrying them. Although Xue Wuji felt a little embarrassed, he did not care about his face anymore in order to survive, anyway, this guy was also reckless.

It took the three of them two days to walk out of the mountain range that was full of bare rocks. Then, they came to a desert.

Although the temperature in the desert was very high, to Jin Zhi and Xue Wuji, it was already like a Fairyland!

The three of them walked for another two days. Sparse plants began to appear on the ground. The sound of water could be heard from afar. The three of them were invigorated and quickened their steps.

Finally, they saw a valley full of vitality.

Spiritual plants, trees, and streams. It was extremely cordial to look at!

The three of them walked to the edge of the stream and drank a few mouthfuls of water. They suddenly felt refreshed and refreshed. They did not know if it was because of psychological effects, but they felt that the stream water was very sweet.

At the same time, Yun Chujiu and Jin Zhi noticed that the sound transmission talisman in their storage rings started to vibrate.

The two of them looked at each other and jumped up and down in surprise. The sound transmission talisman had a reaction, which meant that they had already left the divine ax heavenly pit!

After the two of them were excited, they took out the voice transmission talisman to check. As expected, it was sent by di beiming and an Feng.

A few days ago, di beiming and an Feng had just killed a wave of enemies. Di beiming sent a voice transmission talisman to Yun Chujiu and found that no one replied. However, when he remembered that Yun Chujiu had once told him that they were going to the heavenly pit to conduct a test for ten days., he was not too anxious.

However, after counting the ten days that had passed, there was still no reply. This made him a little worried.

Yun chujia simply told him what had happened, "Prince Charming, we have already left the sinkhole. We just don't know where we are. We will tell you when we have confirmed our location."

On the other side, di beiming and an Feng were surrounded by another wave of enemies. They could only reply briefly before they started fighting again.

If it was an ordinary girl who had just escaped death and her beloved simply comforted her and ignored her, she would definitely be furious.

However, a certain Jiu had always liked to level up by herself, and she had been trying her best to fulfill her three-year promise. So, after a short loss, she was revived with full health again.
