

## The Yun Family's Ninth Child is an Imp! Chapter 2376

The leader was so embarrassed that he flew into a rage. "Fine! Since you guys like to mine, Go and Mine Now!"

The steward's eyes flashed, he laughed and said, "Leader Liu, why are you so angry this early in the morning? ! These three are new here, so they are not very sensible. Give me a few days, and I will help to enlighten them. Maybe they will come around."

The steward of the canteen had his own plans. He also wanted to extract some spiritual stones from Yun Chujiu and the others, so he stopped them.

The little leader seemed to be a little afraid of the steward of the canteen. He snorted coldly from his nose, "Forget it, I will give you face this time! You guys better be careful. If you dare to do anything, I will kill you!"

After saying that, the leader left with a cold face.

Yun chujiu and the other two naturally thanked the steward. The steward said with a faint smile, "I can protect you this time, but I may not be able to protect you next time. You Can Count on your own luck!"

Yun Chujiu's eyelashes were empty, so she naturally knew that the steward was trying to extort them. She bit her lips and found an excuse to call the steward to the side.

“Sir, to be honest, the three of us are from a poor family. We don’t have many spiritual stones on us to begin with. Yesterday, we even gave Chen Chujiu and the others 50,000 high-grade spiritual stones each. Therefore, don’t think that 10,000 high-grade spiritual stones is too little. Please take care of us in the future.”

Hearing Yun Chujiu’s words, the steward’s eyes flashed. “As long as you don’t cause trouble, I will naturally take care of you. Go Back!”

Yun chujiu caught a glimpse of the steward going to look for the garlic-nosed two people. She was secretly happy. Let them fight like dogs!

That night, the three returned to the dormitory, xue Wuji took out a voice transmission talisman and said, “Little Jiu, it can’t go on like this. I see that the little leader is not willing to give up on you and Jin Zhi. Maybe he will do something. We have to finish this quickly.”

“How about this? Tomorrow, we’ll think of a way to get the job of delivering food. We’ll take a look inside and then make plans.”Yun chujiu vaguely had the intention of killing two birds with one stone, but she still needed to see the actual situation.

At noon the next day, Yun chujiu glibly asked for the job of delivering food. Yun chujiu and the other two rushed to the mining area with a few people from the canteen.

Yun chujiu finally understood why they were so afraid of being miners. The miners were all sweating, and there were guards with whips behind them. If they didn't like someone, they would whip them, they were like cows and horses.

Yun chujiu found that most of the miners'spiritual power was above hers. She didn't know why these people became miners.

They were definitely not hired, because if they were hired, they would not be whipped and not dare to resist.

Perhaps some of them had made mistakes, just like the garlic nose and the others. Where did the rest come from?

When the manager of the mine saw that the canteen had come to deliver the food, he allowed the miners to take a short break for 15 minutes.

Yun chujiu cursed in her heart. They really did not treat these miners as human beings!

What was 15 minutes enough for? !

Fortunately, the main food in the canteen was steamed buns. They only needed to help the miners with the dishes.

The Miners Wolfed down their food, afraid that they wouldn't have any food because of the overtime.

Yun chujiu noticed that among these miners, there were two very special people. One of them was a middle-aged strong man. His upper body was naked and his back was full of whip marks. It was obvious that he was not obedient.

After he received the steamed buns and stewed meat, he did not eat them himself. Instead, he respectfully handed them to an old man. Then, he came over to receive another set.
