

## The Yun Family's Ninth Child is an Imp! Chapter 2383

The head of the fan family kicked away the head of the guards and quickly leaped toward the mining area.

Almost half of the mine was gone, and the ground was full of shattered spirit stones and mineral powder. The Spirit Stones and mineral powder alone were worth tens of millions of high-grade spirit stones.

The head of the fan family felt a stuffy feeling in his chest, and he spat out a mouthful of blood and fainted.

The members of the fan family immediately became chaotic and rushed to rescue the head of the fan family.

The head of the fan family was only in a moment of anger. He quickly regained consciousness. He did not care about his identity and almost howled, "Bring those damn miners back immediately! We must get the ores back!"

"Grandfather, these spiritual stone mines should have been blown up by someone using talismans. Moreover, it seems that the power of the talismans is not small. It is impossible for those miners to have so many high-level talismans. I guess it is not that simple." "Fan Mingchuan checked the scene and said.

If Yun Chujiu knew that fan Mingchuan said so, she would probably reward him with a big chicken leg. What a smart-ass!

The head of the fan family nodded, "What Mingchuan said makes sense. There might be the Cao family's handiwork here. That old man Cao Menghai has been eyeing our spiritual stone mines like a tiger eyeing its prey." "On one hand, search for the traces of those miners. On the other hand, pay attention to the actions of the Cao family."

On the other side, a certain Jiu was busy running away.

This fellow had never felt that the storage ring was so full. Emma, other than the spirit stone mine, there was also the spirit stone mine. It was not in vain for her to be a burning servant for a few days.

Ever since he got on the flying spirit tool, that old man had wanted to find an opportunity to speak to Yun Chujiu. However, a certain Jiu had always been in a state of excitement. She kept chattering, and he did not have the chance to speak at all.

Even if the old man managed to interject, he would immediately be led astray by Yun Chujiu. He did not have the chance to say what he wanted to say at all.

A faint light flashed in Yun Chujiu's eyes. Little Fellow, before they escaped safely, she would not let the old man find out what she wanted to know from her.

Yun Chujiu took out the map and looked at it. The Xingtian Academy was in the northeast direction of the fan family. This did not conflict with their current escape route. They only needed to escape a certain distance before heading east.

Yun chujiu was very confident. Spirit Master Yan was not a joke. If he said that it was safe to run north, then it was definitely safe.

Just as Yun Chujiu was bubbling with beauty, Xue Wuji cried out in alarm, "There's someone blocking the way ahead. I wonder if it's someone from the fan family. What should we do?"

Yun chujiu looked through the observation window and saw a few black spots in the distance. She could vaguely make out that they were several flying spirit tools.

Yun chujiu frowned. They were probably a subsidiary force of the fan family. After they received the notice, they had stopped and checked.

Since the fan family had sent people to stop them, they probably had relevant information sent to them. The three of them were easy to fool. However, this old man and the strong man had probably been on the list for a long time, so they could be easily discovered.

“Old Man, didn’t you say that the north is safe? What should we do now? The recognition of the two of you is too high. You will definitely be recognized,” Yun Chujiu said to the old man.

The Old Man’s face stiffened. He clearly said that there was a chance of survival, okay? How did it become foolproof in her mouth?

“Little girl, I just have a question to ask you. As long as you tell me the answer, the two of us will immediately leave on the Flying Spirit Tool and help you distract those people,” the old man said sincerely.

“Pui!” “What you said sounded nice. Those people are not fools. Can’t they see that this is a diversion?” “This way, our situation will be even more dangerous!” “You must think of a way to let us leave safely. Otherwise, I will not answer your question.” Yun chujiu twisted her neck, she curled her lips and said.
