

The Yun Family's Ninth Child is an Imp! Chapter 2386

Yun Chujiu and the others arrived on the deck and saw a water line rapidly approaching from afar. Judging from the dorsal fin that was exposed above the water surface, the demon beast must be very huge.

"I'll go down and take a look. You guys wait for my news." Yun Chujiu said and jumped into the water.

The old man and the Brawny Man were confused. Was this little girl crazy? Wasn't she going to die?

On the boat, they still had some advantages. After all, there were many people. If she went into the water, wouldn't she be sending herself to her death?

Jin Zhi was also a bit worried, but she knew that Yun Chujiu had always been good at dealing with demon beasts. Perhaps she could have an unexpected effect. She would wait and see.

After Yun Chujiu jumped into the water, she activated the water repellent bead and swam toward the direction of the water beast like a small fish.

When she was close enough, she could see clearly that it was a level 40 bloodthirsty finless porpoise, which was equivalent to a human cultivator at the sixth layer of the spiritual void tier. It was on par with the fire eating Xiu that Yun chujiu had encountered previously.

If she were to fight it head-on, Yun chujiu would naturally not be able to defeat this behemoth. Moreover, this fellow did not intend to fight it head-on. The old man, Spirit Master Yan, had said that there were many high-level water beasts in the Chen Lan River. It was just right to find an escort to avoid trouble during the voyage in the future. This bloodthirsty finless Porpoise's grade was just right.

Yun chujiu took out a long white cloth from her storage ring and waved it in her hand. "Master finless porpoise, don't do anything yet. I'm here to Die!"

The bloodthirsty finless Porpoise had swam over to try something new because it had discovered that a boat was approaching. After all, the reputation of the Chenlan River was notorious. Almost no humans would come near it.

However, when it saw Yun chujiu and the white cloth in her hand, it was still a little dumbfounded. were the humans nowadays so enlightened?

They actually took the initiative to jump down and give it to it to eat? It was said that humans were the most insidious race. There must be something wrong with her taking the initiative! Either she was used as bait, and there were powerful people waiting to catch it. Or she was already poisoned. As long as it ate her, it would die!

The bloodthirsty finless Porpoise instantly came up with a lot of conspiracies and tricks. When it looked at the white strip of cloth in Yun Chujiu's hands, it felt like it was a life-threatening rope. The more it thought about it, the more scared it became. It simply turned around and ran away!

Yun Chujiu: "..."

This fellow instantly had a sense of confusion. Who Am I? Where am I? What am I doing? Come on, shouldn't she be the one who turned around and ran away?

Could it be that this white cloth had a deterrent effect on aquatic demon beasts? She had never heard of it!

Yun Chujiu was still planning to let this bloodthirsty finless porpoise be her guard. Hence, she waved the white cloth from behind and shouted loudly, "Lord Finless Porpoise, don't go! I'm really here to die! Listen to me!"

When the bloodthirsty finless porpoise heard Yun Chujiu's shout, it instantly swam even faster. It was abnormal, too abnormal! There must be a conspiracy! She had never heard of humans wanting to die so much, and the thing in her hand must be some spirit tool. No, immortal tool, it was too terrifying!

How could yun chujiu be faster than the bloodthirsty porpoise? She watched helplessly as the bloodthirsty porpoise disappeared from her sight.

Yun chujiu put away the white cloth strip with a dumbfounded look on her face. Then, she floated to the surface of the water and boarded the big boat.

The Old Man, Jin Zhi, and the others found that the demonic beast was swimming away quickly. They couldn't help but be very puzzled. After seeing Yun Chujiu, they asked in puzzlement, "What happened? Why did that Demonic Beast Run Away?"

Yun chujiu spread her hands helplessly. "I also want to know. I just said something, and it turned around and ran away. Do I look so scary to the Beast?"
