

The Yun Family's Ninth Child is an Imp! Chapter 2391

Yun Chujiu felt that it would be best if they were teleported to a place with few people around. This way, no one would accuse them of lying, and the fan family would not be suspicious in the future.

A place with few people around?

Yun chujiu thought of a place, and that was the place where she found the Fire Eating Xiu last time.

However, last time, she had cheated the fire eating Xiu of a three-eyed purple-tailed iron-clawed eagle. If she were to accidentally meet the Fire Eating Xiu, it would not be good.

Therefore, she could not go to this place. Yun chujiu could not think of any ideas at the moment, so she kicked the pebble on the ground out of boredom. Suddenly, the guy's eyes lit up.

Yun chujiu took out the pebble that Tian Dao cliff had given her. "Little Tian Tian, can you bring the three of us to your place?"

Yun Chujiu was also desperate. She did not expect that the pebble would really react.

“Humph! Humans are so troublesome! You have your own legs, why do you need me to bring you back?”Tiandao Cliff said impatiently.

“Cut the crap! It must be because you don’t have such great abilities, so you’re making excuses. If that’s the case, we can just walk back by ourselves!”Yun Chujiu felt that Tiandao cliff was like a donkey., he was leading the group that was retreating.

As expected, the Heavenly Dao cliff said disdainfully, “What’s so difficult about that? ! I’m just afraid that Wu Yun will come and find fault with us!”

“If Wu Yun comes and finds fault with us, I’ll help you carry him, alright? In any case, I can’t wait to be struck by lightning!”

Seeing that Yun Chujiu had already said so much, the Heavenly Dao cliff could only agree.

Yun Chujiu and the other two quickly removed the makeup on their faces and changed into the uniforms of the Heaven Punisher Academy. Only then did they land in a secret location.

A golden light flashed and the three people who were originally on the ground disappeared.

When the three of them regained their sight, they were already on the flat ground opposite the Heavenly Dao Cliff.

Yun Chujiu naturally praised the Heavenly Dao cliff. The Heavenly Dao Cliff was praised so much that it almost floated up. The dissatisfaction in their hearts was long forgotten.

Yun chujiu had just comforted the Heavenly Dao cliff when a lot of people rushed over from afar.

They had all seen the golden light flickering on the Heavenly Dao Cliff, so they had rushed over after hearing the news.

Yun chujiu blinked her eyes. "One, two, three, pretend to be unconscious!"

After saying that, the fellow lay on the ground and began to straighten his corpse.

Xue Wuji and Jin Zhi had no choice but to imitate Yun Chujiu and lay on the ground, pretending to be unconscious.

As for why he was lying on the ground instead of lying down, the reason was very simple. This way, he wouldn't be exposed!

When Dean Gongsun and the others arrived, they saw three students lying on the ground. They couldn't help but be puzzled. What was going on?

At this moment, a certain jiu slowly woke up. She turned around and sat up. She looked at the crowd in a daze before jumping up, she hugged Xue Wuji and Jin Zhi, who had just "Woken up", and jumped up and down. "We're Out! We're Out! hahaha!"

Even though Xue Wuji and Jin Zhi felt like they were crying in their hearts, they could only play along with a certain jiu.

Dean Gongsun and the others were naturally shocked. It was actually Yun Chujiu and the other two? Weren't they trapped in the Divine ax heavenly pit? Why were they here?

"Yun Chujiu, what's going on? Weren't you all trapped in the Divine ax heavenly pit?"

"Headmaster, teachers, after we activated the jade medallion, we realized that there was no reaction. We really had no way out!!"

We started to look for the exit and waited for the Academy to rescue us. However, as time passed, we were a little disheartened. We thought that we would be trapped in there for the rest of our lives.

Unexpectedly, just as we were in despair, I heard the voice of an old man. He said something about being an idiot, I couldn't hear him clearly, and then we didn't know anything."
