

The Yun Family's Ninth Child is an Imp! Chapter 2405

Just as Mayor Huang was at a loss as to what to do., he heard Yun chujiu sigh. "Mayor Huang, forget it. Actually, your generosity has nothing to do with me. I'm just a junior. I'll Take My Leave Now!"

Mayor Huang was delighted. It seemed that this little girl couldn't take it anymore!

At this moment., he heard Yun chujiu continue, "I'll go back to the ye family in a while. I'll tell great-grandfather that he's not good at judging people. "Some people, no matter how gorgeous the mansion is, no matter how famous they are, TSK tsk, they still don't live up to their name.

"Oh right, my great-grandfather also said that he would hold a birthday banquet for me on my birthday. At that time, he would invite many famous people. "I have one biggest flaw, and that is that I don't have a good mouth. Who knows, I might say something that I shouldn't say. Just thinking about it is very interesting!"

Interesting?

Interesting your big head ghost!

Mayor Huang loved face the most. Otherwise, he wouldn't have made the mansion so extravagant!

Mayor Huang gritted his teeth and used his spiritual sense to search through his storage ring. He was reluctant to part with this and that. In the end, he found something in the corner and his eyes couldn't help but light up.

"Little girl, I was just teasing you! This is our first meeting, how can I let you return empty-handed? What is an immortal weapon? I will give you a divine weapon!

Don't look at this as a fragment, but this is a fragment of a divine weapon, the great void mirror. In the future, if you collect all the fragments, you will have a divine weapon!

A divine weapon is something that grows naturally. As far as I know, no one in this world has a divine weapon, when that time comes, you will be the number one person in the immortal Yuan continent!" Mayor Huang held a fragment in his hand and smiled like a wolf with a big tail.

Although Yun Chujiu was secretly happy, she had a look of disdain on her face. "Mayor Huang, this is only a fragment. When will I be able to collect the great void mirror? You better give me another one!"

"Sigh, you little girl really don't know what's good for you. Other things are not as good as this. The elder will not refuse. Hurry up and take it!" Mayor Huang stuffed the fragment into Yun Chujiu's hands. He was very pleased with himself. This way.., no one could find fault with him. That was a divine artifact!

Yun chujie pursed her lips. "Alright, if that's the case, then thank you very much, great-grandfather Huang! Great-grandfather Huang, today, we can be considered to be relatives. In the future, you can't just leave Little Jie alone if I have any trouble. For example, if I don't like someone and beat someone up, you have to protect me a little."

Mayor Huang:" ..."

Great-grandfather? Relatives?

boxn ov el. c o m

What does that have to do with anything? When did he say that he wanted to take her in as his great-granddaughter?

"Great-grandfather Huang, why didn't you say anything? Could it be that there are still matters in Tianluo city that you can't solve? I'm just beating up a few people, and you're already in a difficult position? Didn't they say that you're the most dignified and capable among all the city lords in the Immortal Essence Continent?" Yun chujie blinked her eyes, she looked at Mayor Huang with a face full of suspicion.

"Of course! This tianluo city is under my control. If you want to beat people up, just beat them up. I'll take care of everything for you." It was a matter of face, mayor Huang did not have the time to think about his great-grandfather anymore. All he needed to do was to pat his chest and prove himself.

“Thank you, great-grandfather Huang! Little Jiu will take her leave now. Little Jiu will come to see you again when she has time.”

“Alright!” Mayor Huang waved his hand, indicating that Yun chujiu could take her leave now.

After a full quarter of an hour, mayor Huang finally realized that something was wrong! He was the one who had asked Yun chujiu to interrogate him about the spirit stone mine of the fan family. How did he manage to get it? Not only did he lose a fragment of the divine weapon, he even turned it into the little girl’s protective umbrella?
