

## The Yun Family's Ninth Child is an Imp! Chapter 2407

When Liu Shi heard ye Bingying's words, she said coldly, "Humph! The second wife is simply dreaming! How dare a destitute family who doesn't have a son fight for the position of the family head? !"

"Mother, although that's what you said, great-grandfather and grandfather both like that Yun chujia very much. Who knows, they might come up with something. Besides, it's not like second aunt can't give birth. Who knows, it might happen one day!" Ye Bingyu knew that the position of family head was Liu Shi's Achilles'heel, that was why she said that.

Sure enough, Liu Shi's expression became even colder. After a moment of silence., the corners of her mouth curled up into a cold smile. "Bingying, mother has thought of a good idea. A few days ago, I heard from your grandmother that your aunt is going to bring Su Xue back to stay for a few days. She should be able to arrive today or tomorrow.

"At that time, you should think of a way to make Su Xue and that Little B \* Stard have a conflict. Your aunt has always hated that b \* Stard's mother. When that time comes, your aunt will take care of that Little B \* Stard without us having to do anything.

"Although your aunt's surname is ye, she is now a member of the fan family. Even if they kill that little B \* Stard, your grandfather and great-grandfather would not dare to say anything."

Ye Bingying's eyes lit up as she said excitedly, "Mother, you're really amazing! This method is great. You can kill that Little B \* Stard without being able to trace it back to us. This is really great!"

“However, mother, I heard that the fan family and the Cao family are currently in a fierce fight? “Why did aunt bring Su Xue back at this time?”

“I reckon that they can’t help much even if they were there, so they might as well come back and hide in peace,”Liu Shi guessed.

Just as the mother and daughter were talking, a maid rushed in. “First madam, eldest miss, great aunt and Miss Su Xue have arrived.”

Liu Shi and her daughter looked at each other. They had arrived at just the right time! The two of them changed their clothes and hurried to the living room.

Logically speaking, ye Xinwan was just a married girl returning to her parents’house to visit her relatives. Old Master Ye and the others did not need to come to the living room to see her.

However, the fan family was a super aristocratic family, while the ye family was only a first-class aristocratic family. In terms of status, the Ye family really did not dare to neglect ye Xinwan.

Thus, Old Master Ye, Ye Yuanliang, and the others all went to the living room. Ge Shi and the others did not need to say anything and also all arrived.

After Min Shi arrived, she realized that Yun Chujiu had not arrived. Her heart moved. It was likely that Ge Shi and Liu Shi deliberately did not inform little jiu.

The Min Shi said to Ye Bingyu in a low voice, "Send a message to little jiu and tell her to hurry over. Otherwise, it won't be good for your aunt to pick a fight."

When Ye Bingyu heard this, she quickly sent a message to Yun chujiu to inform her that ye Xinwan had brought fan suxue.

Over here, there was naturally a lot of small talk in the meeting hall.

Ye Xinwan's demeanor as the madam of a super aristocratic family was well-presented. Fan suxue was even more arrogant. She even gave a perfunctory salute to her elders.

She was unwilling to come to the ye family. The people she usually interacted with were the direct daughters of super aristocratic families, so she did not care about the people of the Ye family at all.

Ge Shi's triangular eyes were filled with smiles. These days, she could be said to be full of grievances. Now that she finally had someone to support her, she was naturally in a very good mood.

Although Old Master Ye did not really like ye Xinwan as his granddaughter, the situation was stronger than the others. The fan family was much stronger than the ye family, so he could only say some polite words perfunctorily.

Ye Xinwan swept her gaze over and then said, "I heard that the Ye family has another first-wife daughter. She's really putting on a big front. Even when her biological aunt is back, she actually doesn't come over to pay her respects."
