

## The Yun Family's Ninth Child is an Imp! Chapter 2408

Ye Bingyu quickly explained, "Aunt, little jiu might not know that you're back. I've just sent a message to her. She should be coming over soon."

"Bingyu, where are your rules? How can you interrupt when the elders are speaking?" Ye Xinwan glanced at ye Bingyu unhappily, she had never liked the wooden ye zhiyong. She didn't even like the people from the second branch. Now that Yun Chujiu was involved, she naturally disliked the second branch even more.

Ye Bingyu's face was flushed red. If it wasn't for the fact that she was used to being beaten by Yun Chujiu, she would definitely go berserk.

Min Shi grabbed ye Bingyu's hand and signaled her not to say anything. Ye Bingyu could only blush and not say anything.

Ge Shi's heart was extremely comfortable. Her own daughter was still the most considerate. Once she returned, she would help her vent her anger. When that Little B \* Stard came in a while, she would suffer.

Old Master Ye narrowed his eyes. He was such a shrewd person, so he naturally understood everyone's plans. He hoped that little ninth girl would not be too willful. Otherwise, he would really not be able to openly fall out with ye Xinwan, even if he was an elder.

Great-grandfather ye had already made a plan in his heart. If little jiu was wronged, he would find an opportunity to compensate her in the future. He could not lose the greater good for the lesser good.

Although everyone continued to chat and laugh, they all had their own thoughts and were all waiting for Yun Chujiu's arrival.

Fifteen minutes passed, but Yun Chujiu did not come.

An hour passed, but Yun chujiu still did not come.

Fan suxue was impatient. "Mom, we have been sitting in the flying spirit tool for such a long time. I want to wash up."

Liu Shi quickly said from the side, "Xinwan, suxue is right. You should go to the guest room to rest first. We will have a good chat when we have time in the future."

Although ye Xinwan wanted to teach Yun chujiu a lesson, she still felt sorry for her daughter, so she said, "Alright, then we will go and wash up first. By the way, these things are a little gift from us."

Ye Xinwan gave the gifts to everyone. In order to show that she was favored in the fan family, the gifts that ye Xinwan brought were naturally very valuable, so everyone was very happy.

Liu Shi and ye Bingying accompanied ye Xinwan and her daughter to the guest house, on the way, Ye Bingying seemed to say to fan suxue unintentionally, "Sister suxue, if it was before, I would have vacated Shaohua Garden for you and aunt to live in. Unfortunately, Shaohua Garden has changed owners now, so I can't make the decision."

Fan suxue's impression of ye Bingying was passable. Hearing her words, she asked, "Change owners? Isn't Shaohua Garden Your Yard?"

boxn ov el. c o m

Ye Bingying smiled bitterly. "It used to be my yard, but ever since Yun chujiu came, Shaohua Garden has become hers. "Even though she only came back to live for three days every two to three months, great-grandfather still asked me to give Shaohua Garden to her."

Ye Xinwan's expression was gloomy. She recalled some of the past events. Back then, Ye Lan had been in the limelight. The courtyard of a concubine's daughter was even better than the courtyard of a legitimate daughter like her.

She then recalled the letter she wrote from Ge Shi. That Little B \* Stard actually used a knife to force Ge Shi. This was simply outrageous!

The more ye Xinwan thought about it, the angrier she became. She said to Liu Shi, "Sister-in-law, we're not going to stay in any guest house anymore. Let's just stay in Shaohua Garden!"

Liu Shi's heart was filled with joy, but on the surface, she said with some embarrassment, "This... alright. Anyway, Little Jiu will be back to the academy after staying for two days. Let's go there directly. I'll let her stay in the guest house."

Liu Shi could have sent a letter to Yun Chujiu first, but she had to bring ye Xinwan and fan suxue there directly just to make the conflict escalate. It would be best if ye Xinwan killed that little b \* Stard directly.
