

## The Yun Family's Ninth Child is an Imp! Chapter 2409

Liu Shi and the others arrived at the entrance of Shaohua Garden's courtyard. It was quiet inside, and not a single maid came out.

Ye Bingying knocked on the door and shouted, "Yun Chujiu, Aunt Xinwan is here. Why aren't you coming out to greet her?"

Ye Bingying shouted several times, but no one answered, as if there was no one inside.

Ye Xinwan's patience had long been exhausted. "Break the door open. I want to see what Yun Chujiu wants to do!"

An old woman brought by Ye Xinwan slammed the door of Shaohua garden hard. Unexpectedly, the door was not bolted. The old woman used too much strength and fell to the ground. Coincidentally, her front teeth knocked on a stone, it fell off immediately.

The old woman's mouth was full of blood. She looked terrible.

Ye Xinwan did not have the time to pay attention to the old woman. She entered the courtyard and looked around.

Back then, Ye Lan was insufferably arrogant. Even she, the elder sister of the first wife, had to ask a maid to inform her if she wanted to enter the courtyard. When Ye Lan was in a bad mood, she would immediately shut her out.

Fortunately, she seized the opportunity. Otherwise, if she let ye Lan marry into the fan family, she would be even more arrogant.

Liu Shi saw that there was still no one in the courtyard. She could not help but be very puzzled. Even if that little B \* Tch Yun Chujiu had gone out to hide, where did those servants go?

At this moment, someone on the roof said, "Aunt, I'm Here!"

Everyone followed the voice and saw a little girl squatting on the roof. Her face was covered by a veil. It was Yun Chujiu.

Liu Shi was stunned and then scolded, "Little Jiu, what are you doing? Didn't you see your aunt and sister Su Xue Come? Why aren't you coming down?"

"First aunt, I don't have enough strength left! I don't know why, but my face has a rash. It's not just me, but the servants too.

I don't know if this rash is a pollen allergy or an infectious disease. I told them to stay in the servants' room and not come out because I was afraid of infecting you.

"Aunt, you'd better find a doctor to come over and take a look at us. Otherwise, it would be bad if we really infected you!"

After Yun Chujiu finished speaking, she took off the veil on her face. Everyone saw that her face was densely covered with small rashes, and some of her face even had yellow water flowing out.

Fan suxue almost vomited in disgust. She said in horror, "Mother, we'd better leave quickly! Don't let this dirty thing infect us."

Fan suxue couldn't wait to jump out of the courtyard. She was afraid that if she stayed a little longer, she would be infected.

Ye Bingying followed closely. She didn't want her appearance to become so disgusting and terrifying.

Although Liu Shi and ye Xinwan had some doubts in their hearts, they didn't dare to take the risk. If it really was an infectious disease, then it would be terrible.

Especially ye Xinwan. Fan Jiquan was very lustful. There were a lot of concubines in the house. If her appearance was ruined, there would be no way to keep fan jiquan.

Therefore, the two of them could not wait to leave the courtyard.

After running far away in one breath, ye Xinwan said to Liu Shi, "Sister-in-law, quickly find a doctor to take a look at her. If It's true, it's fine. But if it's her trick, Humph!"

Liu Shi understood and immediately asked her maid to invite the doctor.

Yun chujiu stood on the roof. After seeing Liu Shi and the others leave, she sneered, put on her veil and jumped down from the roof.

This guy walked to the door of the servant's room. When he pushed the door open, he saw two old women and four maids squatting in the corner with trembling faces. Their faces were full of rashes.
