

The Yun Family's Ninth Child is an Imp! Chapter 2411

The six servants looked at each other and saw the fear in each other's eyes.

This Yun chujiu even dared to threaten the old madam, not to mention the servants. Even if she killed them all, Old Master Ye would probably only punish them.

"Do you understand? Those who understand stand on my right hand side, those who don't understand stand on my left hand side. I just want to see if my large kitchen knife can be sharpened quickly,"yun chujiu said coldly while holding the large kitchen knife.

The six servants immediately stood on Yun Chujiu's right hand side. What a joke. If they stood on the left hand side, their heads would be moved immediately.

Yun Chujiu was satisfied with the six of them being tactful, she nodded. "Since you are so tactful, I will give up on the first plan. "I originally thought that you would be tactless. I plan to kill you and make a scene. This courtyard is full of corpses. I guess my aunt will not move in because she feels unlucky."

The six servants' legs went weak, and they immediately fell to the ground. was this person in front of them a human? This was simply a devil! ! How could she come up with such a sinister idea? !

Yun chujiu glanced at the six people, she smiled and said, "You don't have to be afraid. Since you guys are so tactful, then let's carry out the second plan. Don't worry, the second plan is very gentle. It Won't take your lives."

The More Yun Chujiu said this, the more uncertain the six people felt. What exactly did this little devil think of?

“I heard that there are some medicinal herbs growing in the spirit peach forest, right?”Yun chujiu changed the topic and asked about the spirit peach forest.

The six servants didn’t know what Yun Chujiu meant by her question and nodded stiffly. There were indeed some medicinal herbs in the spirit peach forest, but they were not very valuable. They just let them grow and no one cared about them.

Yun chujiu nodded. “You guys stay in this house. I’ll go take a look around the Spirit Peach Forest.”

After saying that, Yun Chujiu left the house and went straight to the Spirit Peach Forest.

The six servants only sat on the ground when they could not hear Yun Chujiu’s footsteps. They looked at each other, but no one said anything.

People’s hearts were different. Moreover, the master behind them was not the only one. They were afraid that if they said something wrong, it would be used against them.

They were very puzzled. Didn't Yun Chujiu want to talk about the second plan? Why did she suddenly go to the Spirit Peach Forest? What did she mean?

Not long after, Yun Chujiu came back.

"Why didn't you guys take the opportunity to escape? I was hiding in the corner just now. If any of you leave this room, I will directly kill her with a big kitchen knife," Yun Chujiu said with a smile.

However, her smile now looked like the evil smile of a demon before killing someone. It was so scary!

The clothes of the six servants were soaked in cold sweat. If they were not on guard against each other just now, they might have gone out to seek help from their masters. It was so close.

Yun chujiu pursed her lips in her heart. Of course, she did not stay in the corner, but it was still good to scare them.

Yun chujiu took out more than ten leaves in the shape of Liu Ye from her storage ring and said to the crowd, "Get the juice from these leaves onto your face and hands."

Although the six servants were nervous, they did not dare to disobey. They followed Yun Chujiu's instructions and got the juice from the leaves onto their faces and hands.

After a while, the six of them felt that their faces and hands were extremely itchy. Then, they found that their faces were full of rashes and yellow water was flowing out from the scratches.
