

The Yun Family's Ninth Child is an Imp! Chapter 2412

The six of them were terrified. They kneeled on the ground and kowtowed non-stop. "Please spare my life, Miss! Please spare my life!"

"Don't be afraid. This thing looks quite serious, but it will return to normal after a few times of washing with the antidote. Moreover, it won't leave any scars," Yun Chujiu said lightly.

The six servants were all anxious and cried. You said it so lightly, but it turns out that it's not your own face!

"Remember, when the doctor comes later, tell him that we accidentally touched a kind of herb when we were playing in the Spirit Peach Forest, and then it became like this. Do you understand?" Yun Chujiu held a stalk of spirit herb in her hand, the leaves on it were exactly the same as the leaves given to them.

The six servants were already scared out of their wits by Yun Chujiu. How could they dare not agree? They all swore to agree.

Yun chujiu waved her hand. "You guys go to the servants' room next door and stay there. No matter what happens later, don't come out. Just leave it to me to handle."

..

The six servants recalled what had just happened and looked at Yun Chujiu in horror.

One of the maids probably wanted to express her loyalty. She said carefully, “Miss cousin, what if the doctor goes to the spirit peach forest to look for that kind of spiritual medicine? What if he can’t find it?”

Yun chujiu curled her lips. “This kind of spiritual medicine grows in the spirit peach forest to begin with. How can it be impossible to find it? You must be old and blind so you didn’t notice it. I found a few of them when I went there.”

Old and blind?

Although the six of them felt that Yun Chujiu’s words were inappropriate, no one would point it out for no reason. All they were thinking was, could it be that there really was that kind of spiritual medicine in the Spirit Peach Forest? Could it be that they really didn’t notice?

At this moment, Yun Chujiu heard the sound of footsteps coming from outside the courtyard. This fellow rolled his eyes and said to the six of them in a low voice, “Be more careful. If your acting fails, I’ll kill you all!”

The six servants nodded repeatedly. Now, even if Ge Shi and Liu Shi could guarantee their lives, they would not dare to offend Yun Chujiu.

Because they felt that no matter how powerful Ge Shi and Liu Shi were, they were still human beings!
And the person in front of them was not human at all, but a devil!

Yun chujiu looked out through the crack of the door and saw Liu Shi standing at the door of the courtyard. She did not come in, only an old doctor walked into the courtyard.

Yun Chujiu opened the door a crack and waved at the old doctor. "The old Miracle Doctor Who Saves the suffering, here, we are here!"

Old Miracle Doctor?

TSK Tsk, what a simple adjective!

Although the old doctor's medical skills were not bad, he was far from being worshipped by others. Therefore, this was the first time someone called him old miracle doctor.

The old doctor was stunned at first, then he felt that his waist was no longer sore and his legs no longer hurt. He could eat ten big steamed buns in one go!

The old doctor instantly had a good impression of the little girl who was talking in the room. He made up his mind to cure her illness.

The old physician pushed the door open and entered the room. There were seven people in the room. Six of them were dressed as servants. They seemed to be slightly trembling as they stood there. They were probably afraid that they would get some fatal disease!

The other little girl was wearing a veil, but her eyes were as clear as spring water. She said in a clear voice, "Old Miracle Doctor, please help us take a look. We are suffering to death!"

Yun Chujiu gave a look to an old woman. The old woman came to the old doctor while trembling.
