

The Yun Family's Ninth Child is an Imp! Chapter 2421

Doctor Deng Thought for a moment and agreed to Yun Chujiu's suggestion.

He really had no way to go against his conscience and report them. He had no choice but to go back and study them first.

Yun chujiu whispered a few more words to doctor Deng. Doctor Deng was stunned and nodded.

Before leaving, Yun Chujiu gave doctor Deng a simple wooden box as usual. Doctor Deng casually put it into his storage ring. He did not have the time to open the wooden box from last time.

Doctor Deng walked out of Shaohua Garden. After walking for a while, he saw Liu Shi waiting with her maid.

"Doctor Deng, Can Little Jiu's looks recover?" Liu Shi asked from afar.

"I'm not sure. It seems that other than the juice of the willow leaf ant grass, they were also contaminated with other poisonous plants. "I'll go back and study it carefully. I'll come back for a consultation in two days. "During this period, just let them continue to use the medicinal soup from before. At least it can alleviate the pain," doctor Deng said according to what Yun Chujiu had taught him.

Liu Shi was delighted. As expected, what she said to Ye Xinwan was right. Doctor Deng could not find anything at all. He just said that there were poisonous herbs and so on. That Little B * Stard was completely finished!

Liu Shi paid the fee and was about to send a servant to send doctor Deng out of the Ye residence when housekeeper Fu walked over.

Housekeeper fu first bowed to Liu Shi, then said, "Eldest madam, the old master wants to see Doctor Deng and ask about Miss Cousin's condition."

Liu Shi naturally could not stop him, but she felt that there was no flaw. Moreover, even if they really found something, the old master ye would not dare to fall out with Ye Xinwan.

Housekeeper fu brought Doctor Deng to Old Master Ye's study. After old master ye let Doctor Deng sit down, he said, "How is Little Jiu's condition? Can Her appearance recover?"

"Old Master Ye, this old man does not dare to hide it from you. Miss Yun was poisoned by the salt-free powder this time. There is no antidote to the salt-free powder. Although this old man has a slight idea of how to detoxify it, the hope is not high.

"Don't worry, I will keep this matter a secret. I only said to the eldest madam that Miss Yun might have touched some poisonous grass by mistake."

Doctor Deng's words were naturally told to him by Yun Chujiu. Doctor Deng Sighed in his heart. That little girl was really smart. She even guessed that old master ye would ask him questions.

After old master ye heard that Yun Chujiu was disfigured, he guessed a little. His heart was very complicated. On one hand, he felt that he had let down his great-granddaughter, who he had just recognized. On the other hand, he resented ye Xinwan's ruthlessness. However, he was also afraid of the fan family's influence. He did not dare to speak openly with ye Xinwan and openly fall out with her.

"Since you know your limits, I won't say anything more. If You Can Cure Little Jiu, this old man will definitely not mistreat you. You may leave!" Old Master Ye waved his hand at Doctor Deng.

After doctor Deng left, Old Master Ye slumped into his chair dejectedly. He felt a little guilty about what happened to ye Lan back then.

He did not expect that even though Lan's daughter was disfigured by Xin Wan, he was powerless to do anything about it. As the head of the Ye family, he was truly an extremely cowardly person!

Fortunately, he had already sent Yuan Liang out. Otherwise, if he were to find out, he would definitely cause another huge ruckus. Although the ye family looked like a blossoming flower on the outside, in reality, they could not withstand a single blow. They could no longer endure any more torment.

Little ninth girl, I only hope that you can survive this calamity!

Old Master Ye did not know that a certain jiu who had already been “Disfigured” was extremely at ease at this moment. This fellow had set up a hammock in the spirit peach forest. Lying on it, he was reading a script and eating fruits. He was extremely at ease.
