

The Yun Family's Ninth Child is an Imp! Chapter 2424

"What's going on? Why are there spirit bees in this courtyard?" Although fan suxue wasn't stung by the spirit bees, there were a few drops of water on her face and a few spots on her clothes.

Ye bingying, who was beside her, was also affected and a few drops of water splashed on her face.

Ye Bingying smiled indifferently. "These spirit bees probably flew over from the back garden. I saw that their claws seemed to be holding onto leaves. It's probably the dew on the leaves. It's fine."

Fan suxue did not smell anything else. She also felt that it should be fog, so she complained a few times and used her hand to wipe off the water droplets on her face. Then, she followed ye Bingying to the back garden to admire the flowers.

Yun chujiu was very satisfied when she saw the spirit bees returning from the triumphant return. After washing the remaining poison on the leaves with water, she directly destroyed the leaves and destroyed the traces.

Yun Chujiu kept her promise and gave some honey to the spirit bees. One by one, the spirit bees flew away in high spirits.

Yun chujiu couldn't help but sigh. It was still easier to satisfy the Spirit Beasts. She just gave them some honey and sent them away.

That night, fan suxue felt pain and itchiness on her face and hands. It became more and more serious and even began to fester,

fan suxue cried out in fear.

“Suxue, suxue, what’s Wrong?”Ye Xinwan heard Fan Suxue’s cry and quickly ran over.

Fan suxue pointed at her hands and face in fear. “Mother, how can my hands and face be like this?”

Ye Xinwan saw fan suxue’s condition and almost collapsed to the ground. She saw that several places on fan suxue’s fair face had begun to fester, and there were also several places on her hands that festered.

Ye Xinwan roared at those servants, “Are you all dead? Hurry up and find the Doctor! suxue, don’t run. When the Doctor comes, he will definitely be able to cure you. When the time comes, you just need to apply some flawless muscle pills.”

Hearing ye Xinwan’s words, fan suxue calmed down a little.

Ye Xinwan asked again, "Suxue, how did you do this? Logically speaking, no one in the Ye family would poison you. Could it be that you encountered some poisonous grass in the back garden today?"

Fan Suxue thought about it carefully, "Mother, I didn't encounter any poisonous grass in the back garden. Could it be that a servant poisoned me?"

When Ye Xinwan heard Fan Suxue's words, she immediately tied up all the servants serving in the guest house, leaving only her confidant.

"Beat them until they tell the truth! They have really rebelled against the heavens and actually dared to harm Suxue. They are courting death!"

Those servants naturally begged bitterly, saying that they had not poisoned Yun Yun at all. Ye Xinwan would not listen to their explanations and had her confidants begin to torture her to extract a confession.

Instantly, the guest house was filled with screams. In the dead of the night, the screams spread far and wide.

Ge Shi and the others were alarmed. Liu Shi was the first to rush over.

Ye Bingying was already asleep. When she heard the commotion, she also rushed over. On the way to the guest house, she felt an itch on her face and hands. She used her hands to scratch them a few times, but the pain was unbearable. It was not easy for her to reach the guest house.

When she reached the guest house, Ye Bingying saw fan suxue's miserable state. She immediately had an ominous premonition, and the pain on her face and hands became unbearable. She could not help but scream.

Ye Xinwan was already very upset. When she heard ye Bingying's scream, she could not help but reprimand, "What are you shouting for! If you don't want to stay, get out!"

Although Liu Shi was displeased, she did not dare to say anything. She turned her head and was about to tell ye bingying to be quiet when she saw ye Bingying's face and immediately screamed.
