

The Yun Family's Ninth Child is an Imp! Chapter 2426

Soon, doctor Deng was invited in.

Doctor Deng saw the appearance of Fan Suxue and Ye Bingying and could not help but be shocked. The wind-blade rabbit in the medicinal soup bowl immediately appeared in his mind.

Doctor Deng suddenly had a strange thought. Could it be that these two were also affected by the salt-free powder?

Doctor Deng checked their pulse and asked for their diagnosis. Finally, he said, "The two young ladies seem to have been infected with some kind of poisonous grass. However, I am not knowledgeable enough to see what kind of poison they have been infected with.

"However, the symptoms of the two young ladies are similar to Miss Yun's symptoms. I am really unsure. Why Don't you find someone else?"

When fan suxue heard doctor Deng say that her symptoms were similar to Yun Chujiu's, she immediately said ferociously, "Impossible! You Quack! How could I be afflicted with salt-free powder? ! You must have seen wrongly!"

Doctor Deng was at a loss. "Salt-free powder? What salt-free powder?"

Ye Xinwan was on the verge of breaking down. She could not care less about whether she would be exposed or not. She stared at doctor Deng and asked, "Are SUXUE's symptoms really the same as that Little B * Stard's? Are you sure?"

Doctor Deng Sighed. "This old man only said that they are similar, but I'm not sure that they are the same. You'd better find someone else. Don't delay the two young ladies' condition."

"Mother, he can't even diagnose the salt-free powder. He's just a quack. Don't listen to his nonsense. Hurry up and kill him. Get Me another doctor," fan suxue said viciously.

Ye Xinwan was just about to speak when old master ye said in a low voice, "Shut up! Ye Fu, take these servants away."

Housekeeper Fu knew that Old Master Ye had something to say, so he untied those servants and took them away.

Although ye Xinwan and fan suxue didn't take old master ye seriously, they were intimidated by his majesty and didn't clamor anymore.

Old master ye snorted coldly, "Xinwan, Little Jiu's appearance was destroyed by you? It was destroyed with salt-free powder?"

Ye Xinwan said exasperatedly, "Grandfather, right now, you should be concerned about Suxue's appearance, right? Why are you talking about that B * star? ! That's right, I got someone to add salt-free powder into her medicinal soup. Could it be that you want to settle the score later?"

Old Master Ye was so angry that he gritted his teeth and said, "Good, good! Xinwan, she's just a little girl. What does it get in the way of you? You actually made such a vicious move!"

Sigh! Alright, let's not talk about this matter first. Doctor Deng, tell the truth. Did Su Xue and Bing Ying also get hit by salt-free powder?"

Doctor Deng said, "This, it's best to let the two young ladies clean their hands. I'll test it out."

Ye Xinwan and Fan Suxue were stunned. Did this old thing really know about salt-free powder?

After Fan Suxue and Ye Bingying washed their hands with water, Doctor Deng took out a stalk of purple-blood Forsythia and placed it in the pot. Everyone saw that the originally purple flower had turned dark blue.

Doctor Deng sighed. "This purple-blood Forsythia will only turn dark blue after encountering salt-free powder. It seems that the two ladies have indeed been poisoned by salt-free powder."

“No! No! You’re talking nonsense! You’re talking nonsense! I didn’t go to Shaohua Garden, how could I have been poisoned by the salt-free powder? !”Fan suxue roared like a mad woman.

Ye Bingying’s eyes went blank. She understood what being poisoned by the salt-free powder meant. It meant that her appearance could never be restored. Her life was over!

Ye Xinwan stared at Doctor Deng with a ferocious expression. “Since you can find out about the salt-free powder, why did you tell sister-in-law that the Little B * Stard was poisoned by poisonous grass? Did you poison suxue?”
