

The Yun Family's Ninth Child is an Imp! Chapter 2427

Old Master Ye was so angry that he kicked the stool over. "You, you shut up! Wasn't doctor Deng trying to save face for you and the Ye Family? ! is he going to go around the city and make a racket that you, his aunt, poisoned his niece? !

Moreover, doctor Deng had not even met Su Xue, how could he have poisoned her? ! "Can't you grow a brain?"

Old Master Ye was so furious that he couldn't care less whether ye Xinwan was a member of the fan family or not.

Although ye Xinwan was very inflated now, she used to be very afraid of Old Master Ye. After being yelled at by Old Master Ye, she immediately restrained herself a little.

She thought carefully. What Old Master Ye said made sense. This doctor Deng had never seen Su Xue before. How could he have poisoned her? Besides, there was no motive or opportunity to poison her!

Liu Shi was unable to interrupt, only then did she say, "Then it seems that it's really the problem of those spirit bees. But how could those spirit bees have salt-free powder? Could it be that Xin Wan lost your salt-free powder? And then it was taken away by the spirit bees as pollen?"

Everyone felt that what Liu Shi said made sense. Perhaps the spirit bees really had treated the salt-free powder as pollen and stained their claws. Then, after being soaked in dew, they smeared it on fan suxue and ye Bingying's faces.

Ye Xinwan used her spiritual sense to check the storage ring. She did not lose it. She was suddenly shocked, she stared at Liu Shi viciously. "Sister-in-law, back then, I gave you a bag of salt-free powder. Could it be that you lost the rest of the salt-free powder? Then, the spirit bees treated it as pollen?"

Liu Shi could not care less about the fact that the matter had been exposed. She hurriedly denied, "Back then, I gave the entire bag of medicinal powder to Cai die. She told me that she had already gotten someone to put it into the medicinal soup. There was not a single bit left."

"Then what about the paper that was wrapped with the medicinal powder?"Ye Xinwan pressed.

"This, I didn't ask about this in detail. Cai Die is outside. Let her come in and ask."Liu Shi's heart was beating fast. Could it be that the paper wrapped with the medicinal powder wasn't properly handled and the spiritual bee had been used as pollen?

If that was the case, not only would she harm her own daughter, the fan family would probably not spare her. Ye Zhihui might even divorce her.

The more Liu Shi thought about it, the more frightened she became. Her body could not help but tremble.

Not long after, Cai die was brought in.

Liu Shi gritted her teeth and asked, “Cai die, let me ask you. Did you ask someone to put all the medicinal powder I gave you into the medicinal soup? Is there any left?”

Cai die knelt on the ground and said, “Yes, all of it was put into the medicinal soup. I watched Granny Ding put it in. There wasn’t any left.”

Ye Xinwan pushed Liu Shi away and stared at Cai die. “What about the paper wrapped in the medicinal powder?”

“Burn, burn it.” Cai Die said while trembling. She knew that if the master was fine, she probably wouldn’t survive.

However, ye Xinwan saw her trembling and decided that she was lying. She was guilty.

“Nonsense! Did you just throw away that paper? Speak! You lowly servant!” Ye Xinwan kicked Cai Die.

Cai die spat out a mouthful of blood. Although she did not know what exactly happened, she knew that no matter what, she would not be able to escape death when she saw fan suxue and ye Bingying's miserable state.

She looked at Liu Shi for help. When she saw Liu Shi's eyes, her heart sank to the bottom. Liu Shi's eyes were very obvious, asking her to commit suicide to prove her innocence.

Cai Die felt bitter in her heart. If she had known it would be like this, she would have found a catalyst to not go on that mission. It was too late to say anything now. It seemed that good and evil would eventually be repaid. This was her retribution!

When Cai Die thought of this, she smiled bitterly. "Aunt, I really burned that piece of paper. Since you don't believe me, then I can only prove my innocence by dying!"

Saying this, Cai die killed herself with the hairpin on her head.
