

The Yun Family's Ninth Child is an Imp! Chapter 2428

In fact, when Cai die pulled out her hairpin and committed suicide, old master ye could have stopped her, but he did not. Because he felt that there must be a scapegoat for this matter. It was best to let this servant take the blame.

Seeing Cai Die Die die, ye Xinwan was so angry that she kicked Cai Die's corpse a few more times. She angrily said to Liu Shi, "Sister-in-law, she is your person, so you can't get away with this matter!"

Liu Shi's eyes were red as she said, "Xinwan, your words are simply stabbing my heart!"! Cai Die had already declared her intention with her death, so that paper must have been burned. "Moreover, my bingying's face was also disfigured. Am I crazy? Even my own daughter was harmed?"

Fan suxue stomped her feet and said, "Mother, let's talk about the accounts later. What about my face? I don't want to be disfigured. I don't want to become an ugly monster!"

Although ye Bingying wasn't as hysterical as fan suxue, she couldn't even stand properly. She leaned on Liu Shi's body and barely managed not to collapse.

Ye Xinwan knew that there was no antidote to the salt-free powder., but she still asked doctor Deng in desperation, "Since you know about the salt-free powder, can you also detoxify it? As long as you can cure SUXUE's face, I'll agree to any condition you propose!"

Fan Suxue added viciously, "If you can't cure my face, I'll kill you! Not only will I kill you, but I'll also kill all of your family members."

Doctor Deng's resentment could be imagined. A doctor's heart was like a parent's. When he saw Fan Suxue and Ye Bingying's beautiful faces being ruined, he planned to carefully study Yun Chujiu's words, perhaps he could really develop an antidote to the salt-free powder.

He did not expect Fan Suxue to be so vicious. It would be better if such a person died!

Old Master Ye shook his head repeatedly. As the direct daughter of a super aristocratic family, Fan Suxue's upbringing was really too poor. Her personality was the same as her mother's, but he did not know if she was as lucky as her mother.

Old Master Ye naturally would not sit idly by. He could only appease Doctor Deng and say, "Doctor Deng, Suxue's appearance was also destroyed, so her words are somewhat incoherent. You don't have to take it to heart.

"It's just that a few days ago, you told me that you had some progress on the antidote for the salt-free powder. I wonder if there has been any progress?"

"Old Master Ye, researching the antidote is not something that can be done in a day. Moreover, this old man does not have much confidence. After all, the family that has the salt-free powder has not been able to develop the antidote for thousands of years.

“The fan family’s connections are quite extensive. Why don’t we get the fan family to invite another Divine Doctor to help young miss fan take a look? Perhaps there might be other conclusions,” doctor Deng said in a neither servile nor overbearing manner.

He had already thought things through. Life and death depended on fate and wealth. If the fan family really wanted to make things difficult for him, there was nothing he could do. Moreover, the fan family might not really do anything to him just because of a young miss whose appearance had been ruined. The super aristocratic families still cherished their feathers.

Most importantly, he did not think that the fan family would kill him because they still needed him to develop the antidote for the salt-free powder.

Ye Xinwan was about to say something when old master ye glared at her, he said to doctor deng, “Doctor Deng, what you said makes sense. “We will immediately send a message to the fan family and ask them to think of a way. “However, since you already have a lead on the antidote for the salt-free powder, then the greatest hope is still on you. If there’s anything you need, feel free to ask. As long as the ye family can do it, we’ll do our best.”
