

The Yun Family's Ninth Child is an Imp! Chapter 2430

Ye Bingying couldn't take it anymore. "Aunt, how can you blame my mother for this? If it wasn't for Su Xue's suggestion to harm Yun Chujiu, would this have happened? If you want to blame someone, blame Su Xue!"

"You B * TCH, you actually have the nerve to blame me? ! If it wasn't for you telling me how good-looking that B * Tch was, would I have proposed to disfigure her ? If you hadn't insisted on dragging me to the back garden, would I have been harmed by those spirit bees ? You B * Tch, I'll kill you right now!" Fan suxue pounced on Ye Bingying ferociously.

Ye Bingying didn't care about anything else at the moment. She immediately started fighting with fan suxue.

Ye Xinwan and Liu Shi quickly stopped the fight, but the two of them were petty and petty. In the end, the two of them also started fighting.

Although the servants outside heard the movements in the room, no one went in to stop the fight. They were not stupid. If they went in, they would only be blamed. They might even be hurt by accident.

Especially the servants in the guest house. They were extremely dissatisfied with ye Xinwan. They beat them to death without asking any questions. They would only go in to stop the fight unless they were stupid.

In the end, it was only after Ge Shi arrived that both sides stopped fighting.

Although GE Shi had wanted to come over long ago, she knew that Old Master Ye was here, so she did not dare to come over. When she heard that Old Master Ye had left, she rushed over.

Ge Shi scolded Liu Shi and ye Xinwan and comforted them a few more words before this farce came to an end temporarily.

What everyone did not know was that there was a bystander on the roof of Shaohua Garden who was watching the show with great interest.

Shaohua garden and the guest house were not too far away from each other. In addition, it was late at night and the commotion in the guest house was so loud that even though they couldn't hear it clearly, they could still roughly hear it.

Yun chujiu snickered as she chewed on the spirit fruit. A dog biting a dog and a mouthful of fur. Did she want to disfigure her Little Fairy Jiu? Did she get her retribution now? She couldn't count on the heavens for this retribution. Only by doing it herself would she have enough food and clothing. Only by doing it herself would she be satisfied!

The six servants of Shaohua Garden stood in the courtyard, looking at a certain jiu on the roof in a daze. When they heard the commotion from the guest house, for some reason, they felt that the commotion there had something to do with the devil on the roof.

However, this devil had never left Shaohua Garden. How could it be her? It must be an illusion. Yes, an illusion!

The six servants recalled Yun Chujiu saying that she was the favored child of Tian Dao. They thought about it carefully and realized that it was true! The Ye mother and daughter wanted to harm her, but the little demon was completely fine. However, they themselves suffered retribution. Didn't this prove that the little demon was really the favored child of Tian Dao?

After the six servants figured this out, they no longer dared to betray Yun Chujiu. They already had a consensus in their hearts, and that was that whoever went against the little demon would be courting death.

Yun chujiu saw that there was nothing more to see over there, so she jumped off the roof.

This guy glanced at the six servants and said with a smile that was not a smile, "Dog against dog, isn't it fun? Tell me, why do I suddenly think of that wind-blade rabbit?"

The six servants could not help but shiver. Before they could say anything, Yun Chujiu had already entered the house.

The six of them looked at each other. Could it really be her? How was this possible? How did she do it?

The six of them felt a chill on their backs. In their hearts, Yun Chujiu had turned from a little devil to a big devil. Now, even if someone were to put a knife to their necks, they would not dare to have any bad thoughts towards Yun Chujiu.
