

The Yun Family's Ninth Child is an Imp! Chapter 2432

When Old Master Ye heard Yun Chujiu's words, his old face turned red. How could he not know that Yun Chujiu was complaining about him.

Housekeeper fu quickly explained, "Young miss, Old Master has been really busy recently. In fact, old master has been sending servants to secretly pay attention to the situation in Shaohua Garden."

Yun chujiu stopped when she saw the good news. She said with a faint smile, "Housekeeper Fu, I don't mean anything else. I'm really just afraid of infecting my great-grandfather. After all, if I were to be infected with this disease, my face would be disfigured!"

Old Master Ye glared at Yun Chujiu. "You little girl, don't talk nonsense with me. Doctor Deng has already told me that you were infected with salt-free powder, not some infectious disease."

Yun Chujiu looked at housekeeper Fu and said with a smile, "Housekeeper Fu, please help to keep an eye out for me. I think great-grandfather wants to talk to me about something good!"

The corner of housekeeper Fu's mouth twitched. "Don't worry, Miss Cousin. There are already guards around Shaohua Garden. There won't be any random people coming near."

Yun chujiu sneered in her heart. Now they knew to send guards to guard? Where were they when ye Xinwan poisoned them? Humans could only rely on themselves.

Old Master Ye did not enter the house. He directly sat down on the stone bench in the courtyard.

After the six servants saluted, they stood far away, afraid that old master ye would see that they were not poisoned.

Old Master Ye naturally would not pay attention to these servants. He stared into Yun Chujiu's eyes and said, "Little Jiu, take off your veil. I'll take a look at your injuries."

Yun chujiu knew that even if she did not want to take it off, Old Master Ye would force her to take off her veil, so she generously took off her veil.

Housekeeper Fu, who was standing at the side, was still unable to bear with it. This girl loved her looks the most. Her cousin's looks were ruined, and old master ye even asked her to take off the veil. It was estimated that this cousin would cry loudly in a while.

However, when housekeeper Fu saw Yun Chujiu take off the veil, his mouth immediately grew wide. Heavens, this, this, how could her face be undamaged? Wasn't she poisoned? Wasn't her face disfigured?

Old Master Ye was still relatively calm because he already had a guess in his heart. He sighed and said, "Little Jiu, don't you have anything to explain?"

Yun chujiu took out a large basin from her storage ring. She pointed at the wind blade rabbit's corpse, which had been corroded until only its bones were left, and said, "Great-grandfather, this is the explanation."

Yun Chujiu's eyes reddened after she finished speaking, and a look of grief and indignation appeared on her face.

Great-grandfather ye's old face reddened once again after being rebuked. That's right, what did he ask just now? What did he mean by an explanation? Could it be that he wanted to see Yun chujiu disfigured?

"Little Jiu, great-grandfather didn't mean that. I just feel that it's a little strange. What on Earth is going on?" The little bit of guilt in great-grandfather Ye's heart was instantly magnified countless times by Yun Chujiu's ruckus, he felt that he was simply an unpardonable person.

"Great-grandfather, you should already know what on Earth is going on, right? I also don't know who in this ye residence wants to harm me, to actually put salt-free powder in the medicinal soup.

If it wasn't for my cleverness, I'm afraid I would have really become a salt-free woman! What do you think I Can Do? Don't tell me that I can go to you and shout that someone wants to harm me? Would you believe me?

Then I had to pretend that I was poisoned, so that at least the people behind the scenes wouldn't try to harm me again. I did it to protect myself, because I'm stupid and weak!"
