

The Yun Family's Ninth Child is an Imp! Chapter 2437

Di beiming touched her hair, "It's alright, it's just a small injury."

Yun chujia glared at him, "Stop talking nonsense, lie on the bed for me!"

Di Beiming's ears turned red, he mumbled, "Little Jiu, although my body is fine, but Guai Cao..."

Seeing this, Yun chujia directly pushed di beiming onto the bed, and then started to undress him.

Di beiming was conflicted. On one hand, he felt that it was not a good time. After all, Yun Chujia had not come to kuishui yet. On the other hand, he was looking forward to it. Even if they could not really have sex, cough cough..., it was good to have a good time.

When di Beiming's mind was filled with thoughts, he heard Yun chujia scolding him with a sobbing voice, "Are you a pig? Such a big wound. Don't you know how to apply medicine to bandage it?"

After Yun chujia removed di Beiming's clothes, she saw that his chest was filled with wounds of all sizes. One of them was more than three inches long and was oozing blood.

Only then did di beiming realize that his thoughts were wrong. He couldn't help but say awkwardly, "It's nothing. I'm already used to it. This is considered light."

When Yun chujiu heard di Beiming's words, she immediately cried even harder!

Used to it? This was considered light? One could imagine how dangerous di beiming was usually.

Only then did di beiming realize that he had let the cat out of the bag. He did not know how to comfort people. He just kept saying, "It's okay. My Constitution is special. I will recover very quickly. Don't worry."

Yun Chujiu glared at him. She took out a pill to stop the bleeding and fed him two pills. She sprinkled them on the wound and helped him bandage it. This guy deliberately tied a bow on the white cloth.

The corner of di Beiming's eyes twitched, but he didn't say anything. Anyway, he was still wearing clothes outside, so no one could see him.

"Prince Charming, I see that your wounds are not caused by spiritual attacks. It seems that there are claws of demonic beasts. Your enemies are not only humans but also demonic beasts?" Yun chujiu asked in confusion.

“Little Jiu, if the enemy I’m facing is not too strong, how could I bear to let you stay here alone? ! If I bring you with me, I really can’t protect your safety.” Di beiming said seriously, although he knew that Yun Chujiu was an independent girl, he was afraid that she would hold a grudge against him.

Yun chujiu smiled, “Prince Charming, I understand. Isn’t there a saying? If the two of us were in love for a long time, we wouldn’t be together day and night. The reason why we are separated now is to be together for a better and longer time. Besides, distance makes the heart grow fonder. The feeling of us having an affair is quite exciting...”

When di beiming heard the first few sentences, his face was full of relief. However, when he heard the last few sentences, the relief on his face turned into confusion.

A certain Jiu was still beaming with joy as she said, “Prince Charming, do you also feel that it’s quite exciting? Every time you come, you are always sneaking around. Don’t you look like the poor scholar who secretly meets the young ladies of the big families in the storybook?”

Di beiming looked at her speechlessly. “Have you not been cultivating properly recently? Have you been sneaking around reading the storybook again?”

A certain jiu immediately wished she could take back everything she had said just now, she stammered, “I’ve been trapped in Shaohua Garden for the past few days and watched it a few times. I promise, it’s really just a few times. I just broke through in the previous stage, so I don’t dare to cultivate too fast...”

The more she spoke, the quieter her voice became. The reason was naturally because she felt guilty, especially when she caught a glimpse of the bow on di Beiming's chest. She felt that slacking off was an unpardonable and Shameless Act.
