

The Yun Family's Ninth Child is an Imp! Chapter 2438

Di beiming did not reprimand her. Instead, he said, "It's okay to take a look occasionally. It's right to combine work and rest."

Yun Chujiu's eyes were wide open. Aiyo, although di beiming did not object to her reading the script, he did not encourage her to do so. This time, he actually said that. Could it be that he had lost too much blood and was confused?

Di beiming could not help but laugh when he saw Yun Chujiu's expression. He stroked her hair and said, "I'm afraid that your cultivation is too hard. It's good to relax once in a while."

Yun Chujiu felt a little pain in her conscience. Although she was still working hard now, this fellow had never been a good student. Moreover, although her physique was a little unlucky, she had to admit that her cultivation was much easier than others. She only needed to condense the Thunder spiritual force that the three foodies spat out.

A certain jiu, who was feeling guilty, took the initiative to change the topic. "Oh right, Prince Charming, where is the little madman? Did he come back with you?"

"No, he stayed there to keep an eye on the other party's movements. Let him train for a period of time and become less useless. Then, let him come back to protect you."

"Hehe, Prince Charming, I didn't dare to tell you in the voice transmission talisman. I'm Rich! I'm Rich!" Yun chujiu thought of the matter of the fan family's mine and said proudly to DI beiming.

Di beiming couldn't help but laugh. "What are you rich in?"

"Last time, after I left the heavenly pit of the Divine Axe, I didn't expect to be in the fan family's territory..." Yun Chujiu told di beiming everything that happened, then she took out a small piece of spirit stone ore for di beiming to see.

Although di beiming felt that Yun Chujiu's action was a bit risky, but he felt that she had considered it carefully, so he didn't scold Yun Chujiu and took the spirit stone ore to have a look.

"The quality of this spirit stone mine is not bad. After processing, it should be a high-grade spirit stone. However, you are not short of money anyway. Try not to let everyone process it so that you don't give yourself away," di beiming instructed.

"I know about this, but you don't even know about it. I feel that I have done it secretly. I didn't expect that old man Huang from Tianluo City would actually suspect me. However, I beat around the bush and made him confused."

Yun Chujiu told him about mayor Huang again, then said, "Prince Charming, I think that old man Huang is not simple. How could an ordinary city lord make the two principals of Xingtian Academy and Wa Stone Academy listen to him? !"

Di beiming nodded. "Although I haven't found any malice toward you for the time being, it's better for you to stay away from him."

"It's fine. If he wants to harm me, I still have the help of the Heavenly Dao Cliff! It's just a pity that the Heavenly Dao cliff can only be effective within a radius of 5,000 miles. Otherwise, I would really have a big killing weapon."

Yun chujiu thought of the big kitchen knife when she mentioned the big killing weapon. She told di beiming about the strangeness of the big kitchen knife.

Di beiming's eyes lit up. "Little Jiu, I think that the big kitchen knife is very likely the heaven-punisher divine axe that you've been looking for. "It can cut through the stone egg made of shell fragments and even kill Xue Mo. other than the Heaven Punisher, there's no other spirit weapon that can do it.

"Moreover, those shell fragments that you said were lost were probably also devoured by the kitchen knife. "Recalling the abnormality of the kitchen knife in the ancient sword tomb, we can basically

determine that it should be the Heaven Punisher. It's just that for some unknown reason, it ended up in the Linghua sect's kitchen."
