

The Yun Family's Ninth Child is an Imp! Chapter 2439

Di beiming could not help but sigh. Although Little Jiu was not tolerated by the Tian Dao, her luck was surprisingly good at times.

She conveniently took a large kitchen knife with a gap in it in the kitchen and it was actually a divine weapon. This luck was really out of this world!

Yun chujiu excitedly took out the large kitchen knife and looked at it more than ten times, but she could not see the awesomeness of a divine weapon, she couldn't help but feel a little discouraged. "Prince Charming, although what you said makes sense, no matter how I look at it, the big kitchen knife doesn't look like the Heaven Punisher Divine Axe!"

"Maybe it really went through self-destruction, and the weapon spirit hasn't fully awakened yet. When the weapon spirit fully awakens, it will naturally return to its original appearance of the Heaven Punisher Divine Axe," di beiming guessed.

"Alright!" "To be honest, the kitchen knife has followed me for so many years. It has helped me cut firewood, chopped meat, and even extorted people for me. Even if it's not a divine weapon, I will always keep it. It's just like my partner," Yun Chujiu said after putting away the kitchen knife.

What Yun Chujiu didn't know was that the kitchen knife that was put into her storage ring flashed with a red light, but it soon disappeared.

When di beiming heard what Yun Chujiu said, he couldn't help but laugh. If the large kitchen knife was really the Heaven Punisher's divine axe, he probably wouldn't want to wake up again when he thought about how he used it like a kitchen knife before because it was too embarrassing for the divine weapon!

Di beiming asked again why Yun Chujiu hadn't returned to the Heaven Punisher Academy. Yun Chujiu told him about how ye Xinwan had given her the salt-free powder.

Di beiming's face immediately darkened. "Where is the guest house? I will go and kill them! And your uncle's family, I will help you kill them! I don't want you to be upset."

Yun Chujiu was speechless as she held down di beiming who was about to get up. Although this kind of domineering CEO style was quite seductive, wanting to kill someone at the slightest disagreement was an illness that needed to be treated.

"Prince Charming, I can handle it. You Don't have to help me. I am not being unreasonable. If I want to kill them, although it is not easy, I can still do it. I am not afraid of them, but the fan family behind them.

The fan family is deeply rooted. If we really kill them, there will be too much trouble in the future. "Therefore, let's not touch them for the time being. When we can really look down on the entire immortal essence continent, we will deal with them.

"Moreover, you don't know my character. I Won't be at a disadvantage. "If they punch me, I will chop off their hands. If they kick me, I will chop off their legs."

Di beiming snorted coldly. "You're quite impressive. Aren't you still trapped in Shaohua Garden? ! Forget it, since you have plans, we'll do as you say."

"If you can't handle it yourself, I'll help you take care of them. "Although the fan family is a bit troublesome, if we find the right opportunity, we might be able to completely eradicate the fan family."

Yun chujia nodded. "The fan family hasn't crossed my bottom line yet. Moreover, I've already collected half of the spirit stone mine in advance as compensation. It's not a big deal to let them run around for a few days."

"Oh right, Little Jiu, you said that you met a spirit master Yan when you left the fan family's mine?" Di beiming suddenly asked.

"Yes, he's Zi Heng's grandfather. Is there a problem?" Yun chujia asked nervously. Could it be that she had done something wrong?

Di beiming smiled. "I believe in your judgment. If you think it's harmless, there's naturally no problem. "My Seal hasn't been completely broken yet, but I have a vague feeling that I'll need a spirit master in the future. "You helped me find two at once. By then, I won't have to look around for people anymore."
