

The Yun Family's Ninth Child is an Imp! Chapter 2440

A certain jiu heard di beiming's words and immediately became extremely smug, "That's right, I never do meaningless things. I'm called a prophet."

Di beiming looked at Yun Chujiu's smug look and only curled his lips, not saying a word.

Yun chujiu looked at the bow tie on di Beiming's chest and could not help but smile. Hmph, this dumb slut would not be so obedient in the past. It was better that I taught her well!

The more he thought about it, the more he felt a sense of accomplishment. He used di Beiming's arm as a pillow and lay down on his side with a smile:

"Prince Charming, since there's a little lunatic watching over there, you should stay for a few more days this time! Anyway, few people come to my Shaohua Garden. Those servants have been taken care of by me, so I won't say anything."

"An Feng's spiritual power is too low. If there's an emergency, he might not be able to handle it. Moreover, I've been going back and forth for many days..."

Yun chujiu pouted, and her small face instantly scrunched up. She was obviously very disappointed.

“However, it’s not a big deal to stay for one more day. I’ll leave in the morning the day after tomorrow.” After saying that, di beiming turned around and looked at Yun Chujiu, his eyes full of ridicule.

Only then did Yun chujiu react. It turned out that di beiming had said those words on purpose. She was so angry that she bit di beiming’s shoulder.

Di beiming grimaced in pain, but his heart was filled with sweetness. If he could be together with little jiu, he would be happy even if he was bitten by her every day.

The two of them seemed to have endless words to say. Cough, cough. In fact, it was a certain Jiu who kept boasting. A certain jiu would occasionally chime in. The two of them did not sleep for a night.

Of course, a certain Jiu went out halfway and gave each of the six servants a sleeping pill.

In this way, the six servants would be lucky if they could wake up on the third morning, let alone the next morning.

A certain jiu said with conviction, “Aiya, you guys have been on tenterhooks these past few days. You must not have rested well. This is a good opportunity to have a good sleep.”

If those servants heard what Yun Chujiu said, they would probably faint from anger without her having to feed them medicine.

The next morning, Yun Chujiu felt a little sleepy after her excitement. She kept yawning. Di beiming said with heartache, "You sleep for a while. I'll keep an eye on the outside. If anyone comes, I'll call you."

Yun Chujiu was really sleepy, so she lay on the bed and fell asleep. Di beiming was meditating in the outer room while keeping an eye on the situation outside.

After about two hours, they heard a dispute outside.

"Miss Fan, we are guarding Shaohua Garden under the orders of the old master. Please forgive us."

"Get lost! All of you get lost! or I will kill you!" A sharp female voice shouted.

Di beiming frowned slightly. He took out an isolation disk from his storage ring and placed it in the bedroom before continuing to meditate.

The noise outside grew louder and louder. The courtyard door was violently pushed open by someone. Someone shouted sharply, “Yun Chujiu, you little B * TCH, get out here! It’s all your fault, otherwise, how would I be disfigured? !”

The person who came was fan suxue. Ever since she found out that she had been poisoned by the salt-free powder and cried a few times, she had vented her anger on ye Bingying and Yun Chujiu.

However, Ye Bingying had the protection of the Liu Shi, so she couldn’t do anything at the moment, so she came to Yun chujiu to vent her anger.

The guards of the Ye family didn’t dare to attack fan suxue, and if they really did, they wouldn’t be able to defeat the guards brought by fan suxue.

Therefore, they let fan suxue break into Shaohua Garden.
