

The Yun Family's Ninth Child is an Imp! Chapter 2441

A little commander of the Ye family's guards hurriedly sent a message to old master ye when he saw the situation, but old master ye just had to go out on an errand.

Old Master Ye could only order that little commander to stop fan suxue from hurting Yun Chujiu. If he could not stop her, he had to try his best to stall for time. He had to rush back as soon as possible.

That little commander was about to cry. Stop? Stall for time?

How could he stop her? How could he stall for time? ! How could he really dare to touch that Miss Fan? . Moreover, that miss fan did not come alone this time. Not only did she bring a maid, but she also brought a dozen guards with her.

The spirit energy of the guards of the fan family was much higher than theirs. How could they stop her? !

The little commander did not dare to disobey. He chased after her into Shaohua Garden and said in fear and trepidation, "Miss Fan, Old Master will be back soon. You, you should go back to the guest house!"

Fan suxue did not see Yun Chujiu. She was angry and kicked the little commander.

The little commander did not dare to Dodge and was kicked. He wanted to persuade her again, but the fan family guards looked at him threateningly. He could only keep quiet. He hoped that old master ye would come back quickly. Otherwise, looking at the situation, his cousin would not be able to keep her life.

Fan suxue saw that Yun Chujiu had not come out yet after such a big commotion. She shouted sharply, "Yun Chujiu, get out here! or I will have someone burn down this courtyard."

In the room, Di beiming suddenly opened his eyes. His eyes were filled with a cold light. He got up and was about to leave when Yun chujiu came out from the bedroom, yawning.

Yun chujiu was a cultivator. In fact, she had already woken up. She just laid on the bed for a while longer.

Yun chujiu gave di beiming a look, indicating that she should deal with it herself.

Di beiming snorted coldly and sat down again.

Yun Chujiu put on her veil and pushed the door open. She leaned against the door and glanced at the chaotic situation in the courtyard before her gaze landed on fan suxue.

Fan Suxue also wore a veil on her face. Her right hand was wrapped in a thick white cloth while her left hand was fine.

When the crowd saw someone coming out of the house, they looked at the young lady leaning against the door.

The young girl's body was plated with a layer of gold. Although she was just leaning lazily against the door, there was an indescribable beauty to her.

Although they could not see her appearance, they felt that she was just like this.

For a moment, the courtyard fell into a strange silence. Even Fan Suxue was stunned.

After Fan Suxue reacted, she could not help but curse sharply, "Little B * Tch! You're finally willing to come out? ! If it wasn't for you, would I have been disfigured? ! Get your ass over here!"

"Cousin Suxue, do you have a bad memory? My face is like this, but it was your good idea! As for your face being disfigured, that's karma, what does it have to do with me? ! Besides, I don't know how to get out, why don't you give me a demonstration?"

Normally, Yun Chujiu wasn't willing to have a face-to-face fight with fan suxue, but it wasn't easy for her to reunite with the gigolo for two days, and this fan suxue shamelessly came to disturb her, so how could a certain Jiu let it go? !

Others would be angry at the crown for the beauty, a certain Jiu would be angry at the crown for the Gigolo!

Fan suxue thought that Yun Chujiu would be submissive and beg for mercy. She did not expect to be questioned and ridiculed. She immediately said to the maids behind her, "Tie this B * Stard up and cut off her tongue for me!"

The two maids behind fan suxue looked at Yun chujiu with disdain. They took a few steps forward and were about to catch Yun Chujiu.

At this moment, the bodies of the two handmaidens flew out without warning and crashed heavily onto the wall of the courtyard. They immediately vomited blood and fainted.
