

The Yun Family's Ninth Child is an Imp! Chapter 2443

The guards of the Ye family were all dumbfounded by what they saw!

Oh God, it seemed that this young cousin was indeed the favorite of Tian Dao. This was too terrifying!

Yun chujiu glanced at the guards of the Ye family and said indifferently, "Don't you have anything to say to me? Did my great-grandfather send you to my courtyard to watch a show?"

The guards of the Ye family were stunned at first, then they knelt on the ground with a plop, the young commander said in fear, "Miss Cousin, this subordinate knows his mistake! But this subordinate really, really doesn't dare to stop miss fan too much. Moreover, we can't beat those guards of the fan family."

Yun chujiu snorted coldly, "What if the person living in this courtyard is my great-grandfather? Because you don't dare to stop him, and because you can't beat the guards of the fan family, do you want to give way?"

Cold Sweat broke out on the foreheads of the little commander and those guards. They had no way to answer.

If the person in the courtyard was Old Master Ye, they would fight to the death to stop fan suxue. After all, Old Master Ye was their master. Although this young Miss Cousin could be considered a master, there were naturally close and distant relatives.

Moreover, in their subconscious, they also felt that fan suxue was much more important than Yun chujiu. Even Old Master didn't dare to offend the fan family, let alone them.

However, could these words be said?

Naturally, they could not be said, so the guards of the Ye family just knelt on the ground and did not say a word.

Yun chujiu glanced at them. For some reason, those guards felt their hearts tremble, and they were so guilty that they did not dare to raise their heads.

Yun chujiu chuckled, and then her tone became cold:

"Even if you don't say it, I know what you are thinking. Aren't you afraid of the fan family behind fan suxue? "However, you're carrying out the Ye family's livelihood. You're the Ye family's guards. Protecting Shaohua Garden was my great-grandfather's order.

"Your mission is to carry out the orders to the letter. As for the disputes behind it, what does it have to do with you? "You think that you've made the right choice! "You've violated the greatest taboo of being a guard, so is this betraying your master? ! Do you think that there's any use for guards like you to stay in the Ye Family? !"

Those guards were covered in cold sweat. They knew that if Yun Chujiu told old master ye what she said, there was an 80-90% chance that they would not be able to keep their jobs.

Just as they were panicking and feeling uneasy., yun chujiu continued to say indifferently, "I'm not a ruthless person either. I'll give you another chance. In a while, the fan family will definitely come again. If you can't stop them from leaving Shaohua Garden, you won't have any value left in the ye family."

After saying that, Yun Chujiu didn't care about the reaction of the Ye family's guards. She directly opened the door and entered the house.

The guards looked at each other and finally looked at the young commander. "Boss, what should we do?"

The young commander gritted his teeth. "The old master should be back soon. We just need to hold on for a little longer! Besides, Miss Fan's injuries are so serious. Aunt will probably treat her first. She might not come to seek revenge."

The rest of the people thought that what he said made sense, so the guards simply made a hole in the wall and continued to stand guard outside Shaohua Garden.

Yun chujia saw the behavior of the guards through the crack in the door and could not help but twitch her lips. If it were not for the fact that her ten guards were arranged to stay in the outer residence, they would not have been needed at all. They were all fence-sitters who acted according to the wind.
