

## The Yun Family's Ninth Child is an Imp! Chapter 2446

Ye Xinwan saw the situation and said ferociously, "A bunch of traitors! give them a good beating and let them know the consequences of being loyal to this little B \* TCH."

The fan family's guards received the order and immediately started to fight with the Ye family's guards.

Yun chujiu squinted her eyes and looked. Although the ye family's guards were more numerous than the fan family's, their strength was indeed inferior by a large margin. They definitely could not beat them.

Yun chujiu did not shout out to stop them, nor did she ask di beiming to make a move. This guy was very evil!

Those guards of the Ye family were all very crafty. It would be good to use the fan family to teach them a lesson. Moreover, no matter who was beaten up, there would be complaints. planting a seed of hatred towards the fan family in their hearts would only bring benefits.

It was only until the guards of the Ye family were basically unable to retaliate that this guy shouted, "Stop fighting! If you continue to fight, people will die. Don't you just want me to surrender? I agree!"

Ye Xinwan snorted coldly, and the guards of the fan family finally stopped.

The guards of the Ye family were all beaten into a sorry state. They supported each other as they stood up. One could imagine the resentment they felt towards ye Xinwan.

On the contrary, their impression of Yun Chujiu was much better.

Look at her cousin's young miss. In order not to let them lose their lives, she was willing to surrender herself. Such a master was really too rare.

Ye Xinwan looked at Yun chujiu with disdain. "HMPH, at least you're sensible! You two go over and tie her up for me."

The two guards of the fan family walked towards Yun Chujiu in a carefree manner. Although they had heard about what had happened previously, they felt that it was definitely a trick played by Yun Chujiu. They did not put Yun chujiu in their eyes at all.

The two guards walked closer and closer, but nothing happened. The expressions on their faces became even more savage. As long as they caught this Yun Chujiu, the Madam would definitely reward them generously.

Just as the two guards were dreaming, a huge force attacked them. Their bodies flew out uncontrollably, knocking down the wall that the guards of the Ye family had just repaired. They spat out blood and passed out.

Ye Xinwan and the guards of the fan family could not help but take a few steps back, feeling a sense of panic in their hearts.

On the other hand, the guards of the Ye family suddenly felt elated. Even the wounds on their bodies did not seem to hurt anymore. They wished that the remaining guards of the fan family and ye Xinwan would be sent flying!

Ye Xinwan had the thought of retreating because she had seen with her own eyes that Yun Chujiu did not move at all. Moreover, the two guards were still quite a distance away from her. How could they be sent flying? Could it really be retribution?

However, when she thought of fan suxue who was beaten to a pulp, her resentment gained the upper hand. She said to the guards behind her, "All of you attack at the same time. Regardless of whether you live or die, use your spiritual power to attack directly."

Ye Xinwan's idea was very simple. If she used the spiritual power attack, she did not need to get too close to Yun Chujiu. Even if Yun Chujiu had some tricks up her sleeve, she would not be able to use them.

"Aunt, Madam, you can't do this. The old master will be back soon."The young commander of the Ye family's guards immediately tried to dissuade her.

The maid next to ye Xinwan slapped him in the face. "Get lost! How can you have the right to speak when our madam is doing things?"

That Little Commander was slapped by a maid, so he naturally could not hold back his face. In his fury, he said to the Ye family's guard behind him, "Brothers, if the young miss dies, we won't be able to live either. Let's fight it out with them!"

Instantly, the Ye family's guard and the fan family's guard once again fought.
