

The Yun Family's Ninth Child is an Imp! Chapter 2451

Yun chujiu could not help but laugh at herself. She was really a pot calling the kettle black. Old Master Ye was focused on the interests of the family, and she was just looking for a place to stay. It was not a big deal.

When di beiming heard Yun Chujiu's words, his heart ached. He knew Yun Chujiu's desire for kinship and family, but he could not give her anything now. He could not even give her a guarantee of stability.

Di beiming was initially hesitant about one thing, but now he had made up his mind. He could not continue this little by little anymore. Even if it was a risk, he had to give it a try. Otherwise, if he wanted to live a stable life, it would be a distant future.

Yun chujiu did not know that di beiming had already made an extremely risky decision. She said to di beiming, "Prince Charming, you should sleep for a while. Ye Xinwan will probably not come to find trouble in a while. I will keep an eye on her from outside."

Di beiming wanted to clear his mind, so he took the opportunity to agree.

Yun chujiu saw that di beiming had laid down. She went out of the house and supervised the servants sent by housekeeper Fu to repair the wall.

As this guy watched, bad water came out. He took out cinnabar from his storage ring and wrote a big line of words on the wall.

When the servants and guards saw the words written by Yun Chujiu, they were like dogs.

On the bluestone wall, there was a line of words that were as red as blood: whoever destroys Shaohua Garden will be punished! A woman's face will be disfigured, and a man will have no descendants!

After Yun Chujiu finished writing, she felt very satisfied. The most important thing for a woman was her appearance, and the most important thing for a man was naturally his children. Although many people might not believe in this curse, People's imagination was very strong. She did not believe that anyone would take the risk of being cursed and destroy Shaohua Garden.

The handymen who were repairing the wall were originally doing their work casually. After seeing this line of bright red words, they immediately became cautious, as if they were not holding a brick but their descendants.

The guards looked at each other. This cousin lady was really mean. It was just that her handwriting was too ugly. It was said that people were like their words, but it did not seem to be the case.

Yun chujiu was admiring her calligraphy when she heard a commotion coming from afar. Yun chujiu waved at the guard commander and said, "Go and see what's going on. Come back and report to me."

The guard commander ran away happily and returned in a short while.

"Young lady, it's aunt and first madam who are quarreling. They were about to start fighting, but someone went to report to the old madam. After the old madam came, they stopped both sides."

Yun chujiu curled her lips. "TSK TSK, why did they start fighting all of a sudden? We are all relatives, why Bother?"

The Little Commander's eyes twitched. Don't you know why they started fighting? You were the one who instigated it, alright? Now you are pretending to be innocent.

Yun chujiu turned around and entered the house. She wanted to show off, but only then did she remember that di beiming was sleeping. She blinked her eyes and took out a dagger from her storage ring. She bared her teeth and put more than twenty small jade bottles of blood into it.

She put the small jade bottles into the wooden box. After thinking for a while, she took out a small bamboo basket and placed the wooden box on the lowest level. On top of it, she put some spirit fruits and other food into the storage ring.

This fellow couldn't help but laugh at himself. Just treat it as a blood donation! In any case, as long as this thing didn't lose too much in one go, it wasn't a big deal.

This fellow spoke so casually, but he suddenly felt a little dizzy. Damn it, he had placed too much in one go..
