

The Yun Family's Ninth Child is an Imp! Chapter 2452

Yun Chujiu took a moment to recover and ate something. Only then did she feel a little better.

She sorted out some medicinal pills and some food. She even prepared a few sacks for di beiming. She sighed. She had yet to learn the drawing method of high-grade talismans. Otherwise, she could give the pretty boy dozens of sacks.

She decided to go to the second or third grade class when she went back. She wanted to see if she could learn how to draw high-grade talismans and high-grade elixirs.

She suddenly found a goal to strive for. She felt full of energy.

Di beiming woke up in less than four hours. When he saw Yun chujiu, he frowned slightly and asked, "Why do you look a little pale?"

"Is that so? Maybe I haven't been basking in the sun recently, so I'm getting fairer and fairer! Isn't one white covering all ugliness? Prince Charming, do you think I'm even more beautiful?" A certain Jiu asked shamelessly.

Di beiming snorted noncommittally. A certain Jiu was instantly unhappy!

"What do you mean by snorting? Are you even more beautiful?"

Di beiming only raised his eyebrows and did not say anything. Yun chujiu continued to ask non-stop. Di beiming seemed to find it very interesting to tease her. A certain Jiu was so angry that she stomped her feet.

The two of them played around for a while. Di beiming said seriously, "I don't think ye Xinwan will let this go. Try not to go out in the Xingtian Academy. After this period, I will ask an Feng to come back and protect you."

Yun chujiu nodded, "Oh right, my Prince Charming, I've prepared some food for you. You can keep the chili noodles for yourself."

Di beiming did not care too much about it and allowed Yun chujiu to transfer the items into his storage ring.

The two of them seemed to have a lot to talk about, but time passed quickly. In the blink of an eye, it was already midnight.

Yun chujiu pursed her lips and pretended to be strong as she said, "Prince Charming, it's time. You should go. Otherwise, when the sun rises, it will be hard to get away."

Di beiming clenched his fists. He wanted to say something, but he swallowed it back. Forget it, the outcome of the matter was not certain yet. He should not let little jiu worry about it.

Di beiming gritted his teeth. "I'm leaving. You take care of yourself."

After di beiming finished speaking, he pushed open the door and disappeared with a leap.

Yun chujiu caught up to the door and only saw an afterimage. She was stunned for a moment before closing the door and lying back on the bed.

What she did not know was that di beiming had left and returned. He stood at the door for a long time before sighing silently and leaping towards the guest house.

While di beiming and Yun Chujiu were talking, he had already found out the location of the guest house. He felt that it was necessary to give the ye family a warning so that they would not provoke little jiu for a short period of time.

When di beiming arrived at the guest house, he waved his sleeves and the guards fell to the ground one after another. Di beiming used cinnabar to write the word 'kill' on the ground in the courtyard and then slapped the house.

The house in the guest house collapsed with a loud bang. Screams and exclamations came from inside the house. Di beiming raised his eyebrows and disappeared into the night with a leap.

Yun chujiu heard the commotion in the guest house and her heart skipped a beat. She immediately guessed that it was di Beiming's doing. Her heart was sweet and sour. How could she sleep? !

This guy simply got up and jumped onto the roof to watch the show.

That night, the Ye residence was in chaos again. It was said that when ye Xinwan saw the bright red word 'kill' in the middle of the courtyard, she fainted from fright.
