

The Yun Family's Ninth Child is an Imp! Chapter 2453

A certain Jiu watched the show for a while before returning to her room with her head drooping. She hugged a certain portrait and fell asleep.

The next morning, the six servants in the servants' room finally woke up. They were very puzzled. Why did it feel like they had slept for a long time?

When the six of them came out of the room and saw the brand-new wall, they were immediately at a loss.

The six of them did not have time to think about it. They suddenly felt very hungry. How could they be so hungry after only sleeping for one night? It was really strange!

When two of the maids came back with breakfast, they realized that they had not slept for one night. It was clearly one day and two nights!

The Little Devil was really sneaky! Was he planning to make them unable to sleep for a long time?

Just as the six of them were cursing in their hearts, Yun Chujiu yawned and came out.

After Yun Chujiu saw the six of them, she asked, "You're awake? Do you think that I've gone too far by letting you sleep for so long?"

The six of them shook their heads repeatedly. What a joke. How would they dare to express their dissatisfaction.

"Sigh, you really don't understand my good intentions! Yesterday, my aunt and fan suxue came to find trouble. If you hadn't fallen asleep, would you still be standing here and talking to me? I reckon that they would have long been killed by the rod of their anger." Yun chujiu sighed and said.

The six servants were stunned at first, then they revealed expressions of gratitude. They felt that they really had the heart of a petty person. Miss Biao had made them fall asleep completely out of the perspective of protecting them. They actually blamed the young miss. They were really worse than pigs and dogs!

..

Fan Suxue was seriously injured and could not move, and Ye Xinwan was scared to death. The mother and daughter of Liu Shi were afraid that Ye Xinwan would be jealous and hate them again, so they did not dare to do anything evil. Therefore, for the next few days, the Ye family was peaceful.

On this day, doctor Deng came to see Yun Chujiu in a hurry.

When he saw the red words on the wall, the corner of his eyes could not help but twitch. This Miss Yun was really mean!

After doctor Deng saw Yun Chujiu., he said, "There are some clues about the antidote, but I still need to try a few more times to confirm the specific ratio. Miss Yun, tell me the truth. Did you already know the antidote formula for the salt-free powder?"

boxnovel.com

Doctor Deng was not a fool. How could it be so coincidental? The herbs in the wooden box were all needed for the salt-free powder antidote. Also, how did she know that the violet blood Forsythia needed to be roasted to be used as medicine?

Yun Chujiu said with a smile, "I found out by chance, but I only know which herbs I need. As for the specific ratio, I don't know. I'm only a level ten alchemist. How can I be as experienced as you?"

Doctor Deng originally felt that he had been toyed with. Now that he heard Yun chujiu say this, he felt a little better. Speaking of which, although she knew how many herbs she needed., but if she didn't have enough experience, she wouldn't be able to figure out the exact formula.

“Old Miracle Doctor, since the antidote is about to be developed, it's time for you to make a condition to my aunt and my first aunt. You only need to make two conditions. As there are several mid-grade heaven rank elixirs, the cost is huge. Sell them fifty million high-grade spirit stones for a bottle, and make them swear that they will never harm you.

“Don't worry, even if they feel that the conditions are too excessive, they will comply, because they have no other choice.”

Doctor Deng was a little reluctant, but he had already boarded the pirate ship, so he could only agree.

After Yun Chujiu sent doctor Deng Away, she hummed a little tune and entered the house.

This guy remembered that he hadn't told di beiming about her bleeding. After counting the days, it was impossible for di beiming to come back and settle the score with her, so he took out the voice transmission talisman and told di beiming about the matter.
