

The Yun Family's Ninth Child is an Imp! Chapter 2459

Just as teacher Yang finished speaking, teacher Lu, who was teaching Yun Chujiu's talisman seal class, said with a smile, "Although that little girl has a temperamental temperament, she is not unreasonable. She was listening in on a class. Why did she make you so angry?"

Teacher Yang looked at teacher Lu in annoyance. "Isn't she unreasonable? ! If she was just listening in, it would have been fine. But she insisted that there was something wrong with the information on the Shadow Stone I used in class. Do you think she was just looking for trouble?"

When the other teachers heard teacher Yang's words, they immediately echoed, "What? She said there was a problem with the information on the shadow stone? You must be joking! What could a little girl like her see through?"

"That's right. Besides, the information on the shadow stone has been used for hundreds of years. How could there be a problem?"

"This Yun Chujiu was adopted by the Ye family as the daughter of the first wife. The last time, she saved a first-year student at the heavenly pit of the divine axe. She must have been a little too complacent. She really overestimated herself."

..

Everyone was talking at once. Then, teacher Lu asked curiously, "Old Yang, what question did she ask?"

The other teachers were also very curious. They all looked at teacher Yang.

Teacher Yang simply took out the shadow stone and then repeated what Yun Chujiu said, then, he said sarcastically, "She really overestimated herself! How could a little girl like her see through her strength? and she even said some nonsense about her strength being greatly reduced. It really makes people laugh."

When the teachers heard teacher Yang's words, they all shook their heads. It seemed that this Yun chujiu was really too impetuous. She was simply spouting nonsense.

This shadow stone had been used for thousands of years. Could it be that all the teachers were inferior to a little girl like her?

The crowd discussed for a while and then switched to another topic. She was just a little girl who did not know the immensity of Heaven and earth.

After being persuaded by everyone, the anger in teacher Yang's heart had mostly dissipated. Just as he was about to put away the shadow stone, he saw teacher Lin from the miscellaneous affairs department walk in with a teacher.

The teachers from the Talisman Office were stunned. Teacher Lin was the chief teacher of the Miscellaneous Affairs Department. Why was he here?

Everyone knew teacher Yuan who was behind teacher Lin. Teacher Yuan distributed teaching materials, such as the Shadow Stone, sound recording stone, or talisman paper needed for teaching.

Everyone exchanged pleasantries, teacher Lin said somewhat embarrassedly, "Everyone, I'm really sorry. Little Yuan used to be in charge of distributing school materials. This year, he only started distributing teaching materials, so he's not very familiar with the business."

Teacher Yang and the others were confused. What did his familiarity with the business have to do with their talisman papers?

Teacher Lin glared at teacher Yuan. "You tell me. What's going on?"

Teacher Yuan's face turned red. He took out a jade slip. On it was the record of receiving teaching materials. Then, he said unnaturally,

"I'm really sorry, everyone. When school started, teacher Yang came to my place to receive a batch of teaching materials. One of them was the Shadow Stone of the Earth splitting talisman. I took it by mistake. According to the records, the Shadow Stone in your hand was used to explain a case of failure."

The room immediately became silent. The teacher at the talisman seal, especially teacher Yang, felt that his mind was blank.

He actually took a wrong earth fissure Talisman Shadow Stone?

He was still eagerly lecturing other students. If the affairs department was said to have made a mistake in their work, then he was simply misleading people's children!
