

The Yun Family's Ninth Child is an Imp! Chapter 2465

Yun chujiu was not in the mood to ask what additional abilities the wool ball had. What she was worried about now was how to escape.

Although no one had gone down to the bottom in the past, that was because there was no attraction and no one was worth the risk. But it was different now. They would definitely think of a way to go down to the bottom.

Yun chujiu was so regretful that her intestines turned green. Even if they did not find her this time, the next time she was struck by lightning, this place would not be safe anymore.

If they knew this would happen, they would have gone to another place to fuse with the broken pieces of the Great Void Mirror.

The Heavenly Dao Cliff did not know the worry in Yun Chujiu's heart. It said with disdain, "What rubbish is this! It's just a broken mirror, yet it made such a big scene. It's really shameless."

The cliff of heavenly axiom would never admit that it was jealous of the Supreme Void Mirror. A broken item actually occupied the little girl's Dantian. It was really shameless!

The supreme void mirror was obviously not to be trifled with. It could not speak, but it did not mean that it would not take revenge.

The supreme void mirror rammed into the cliff of heavenly axiom. The entire mountain of the cliff of heavenly axiom shook from the impact. It was so angry that it scolded, "Damn it! You're really shameless. Why Don't you try hitting me again?"

Yun chujiu was still upset when she saw the two of them fighting. She cursed angrily, "Little Jingjing, get your ass back here! If you don't come back, you can stay outside from now on!"

The great void mirror shook a few times and hid between Yun Chujiu's brows.

"What the F * ck! Get your ass over here! What's going on?"

Mao Mao Qiu looked innocent. "Master, I warned you. It will cause a huge commotion!"

Yun chujiu choked. Alright, it was her fault for not thinking properly. She really did not expect the commotion to be so huge. What should she do now?

She could ask the Heavenly Dao cliff to send her to the dormitory, but there would definitely be a golden light flashing. When that time came, it would be as if there was no silver in this place!

Yun Chujiu told the Heavenly Dao cliff about her worries. The Heavenly Dao cliff said nonchalantly, "What's so difficult about that? ! Why don't I just use the golden light to block them all?"

Yun chujiu shook her head. "It's better not to block them. The more you act like this, the more they think that there are treasures down there. I Won't be able to come here to be struck by lightning in the future. Besides, they will block me at the bottom of the hill. I will be discovered the moment I leave."

"Then what do you think we should do? I Can't make you disappear."Tiandao Cliff said helplessly.

Yun Chujiu's heart skipped a beat. When she was almost killed by the heavenly lightning, the great void mirror was sucked into her body. She wondered if she could try it again now?

Yun chujiu shared her thoughts with the ball of yarn. After the ball of yarn communicated with the Great Void Mirror., she said with some difficulty, "Xiaojing said that every time we bring you in, it consumes a lot of spiritual power. This is a chance to save your life. Are you sure you want to use it?"

Yun chujiu hesitated when she heard what the ball of Yarn said. It would be a waste if she used it like this.

Just as Yun Chujiu was in a dilemma, she heard the heavenly dao cliff say, "There are many people coming this way. Make a decision quickly. Do you want me to block them all?"

Yun chujiu gritted her teeth. "Get me further away from Xingtian Academy. It's the day of rest tomorrow anyway. I'll think of a way to sneak in again."

As soon as Yun Chujiu finished her sentence, she felt a golden light flashing in front of her eyes. When she regained her sight, she wished that she could move the Heavenly Dao cliff to the Yugong Mountain!

F * ck!

She wanted it to get her further away, but couldn't it choose a good place? Why did it teleport her to the Heavenly Fire Valley? Why did it teleport her to the cave of the Fire Eating Xiu?
