

The Yun Family's Ninth Child is an Imp! Chapter 2466

Yun chujju squeezed out a dry smile and waved her claws at the fire eating xiu. "What a coincidence, we meet again. It's really fate that brought us together!"

What did it mean when enemies met and their eyes turned red?

This was how the Fire Eating Xiu was now!

This stinky girl had toyed with it twice and even stole the corpse of a three-eyed purple-tailed iron-clawed eagle. She actually dared to come back? She was courting death!

Yun chujju saw that Fire Eating Xiu's eyes were red, and her hair was standing on end. She hurriedly shouted, "Sir! Don't be rash. Listen to me! I came specially to apologize this time!

Think about it. I'm not a fool. I knew that you wanted to eat me, so why did I still come to court death? Sigh! Last time, I was greedy and took away the corpse of the three-eyed purple-tailed iron-clawed eagle.

"After I went back, I was tormented by guilt and regret. I couldn't eat properly and couldn't sleep, so I came to you to confess. "I came with sincerity. You are such a noble Divine Beast, you will definitely forgive me, right?"

Fire Eating Xiu looked at Yun chujiu suspiciously. Although he didn't completely believe her, he didn't take any further action.

Yun chujiu saw that there was a door, she quickly said, "Sir, I don't have two taels of meat on me. It's not even enough to fill the gaps between your teeth. "I can't return the three-eyed purple-tailed iron-clawed Eagle's corpse to you, but I have a lot of pills here. I'll give them to you as compensation."

As Yun Chujiu spoke, she took out a basin of hemostatic pills and placed it on the ground.

Fire Eating Xiu's huge eyes were filled with confusion. Since when did humans not use porcelain bottles to store medicinal pills in basins?

What? They were all supreme grade medicinal pills! Were the alchemy skills of humans so advanced now?

Fire Eating Xiu weighed the three-eyed purple-tailed iron-clawed eagle's corpse and the basin of hemostasis pills. It seemed that this basin of hemostasis pills was more useful to it.

Thus, Fire Eating Xiu's attitude completely eased up.

Yun Chujiu's heart was finally relieved. There weren't many people here, so the golden light just now shouldn't have been seen by anyone. When the limelight passed, she would return to Tianluo City and then sneak into Xingtian Academy without anyone noticing.

Those people couldn't find anything at the bottom of the valley, so they would only think about the Heavenly Dao Cliff. Then, the storm would be over.

Thinking of this, Yun chujiu changed her clothes and took a fifth of the disguising pills. This way, even if someone really came, her identity would not be exposed.

Fire Eating Xiu watched as the little girl's appearance began to change. It was very curious. This human's pill was indeed magical. It did not know what it would look like if it ate it.

Fire Eating Xiu was driven by curiosity. It jumped over and ate the remaining transformation pills in Yun Chujiu's hands.

Yun Chujiu was dumbfounded. Was there something wrong with this fire eating Xiu? Was the medicinal pill also randomly eaten? Moreover, she did not have many transformation pills left. Now, more than half of them were wasted by it. It was really unlucky!

Yun Chujiu was unlucky. Hehe, Fire Eating Xiu was even more unlucky!

Next, Yun Chujiu witnessed a miracle! Or rather, she saw a ghost!

The huge body of the fire eating Xiu began to rapidly shrink, and its appearance also underwent a huge change.

In less than fifteen minutes, a hill-sized fire eating Xiu turned into a one-foot-long fire-breathing cat. Yes, it was still a kitten.

The Fire Eating Xiu looked at its claws, then raised its head to look at Yun Chujiu, who had turned into a "Giant," and fainted with a choking sound.
