

## The Yun Family's Ninth Child is an Imp! Chapter 247

After a short nap, Yun Chujiu got up and filled the alchemy furnace with a bunch of miscellaneous things again. This time, she was merciful and did not put any chili powder in. After the burnt smell was produced, she carried a sack of shredded cabbage out of the alchemy room.

'Huh? Why is there no one here? Where did all the people go?'

Yun Chujiu shook her head inexplicably and ran out of the alchemy room with a big sack on her back.

Manager Gao saw that Yun Chujiu had gone far away and shouted loudly, "Cough! Cough! Come out! The smoke this time isn't too bad! Cough! Cough!"

Hearing Manager Gao, the doors of the alchemy room opened one after another. Everyone lifted their noses and took a sniff. Sure enough, it was much better than the previous two times. It seemed that this Yun Chujiu had improved.

It had to be said that the efficiency at Spirit Radiance Sect was not bad. When Yun Chujiu returned to her dormitory, she saw that the house had already been repaired.

That night, Yun Chujiu mysteriously called Yun Chusi and the others to her courtyard.

"Little Jiu, do you want to roast meat?" Yun Chulu said casually.

"Roasted meat is a must. After eating the roast meat, I have something good for you!" Yun Chujiu said with a smile.

Yun Chusi and the others were very curious. However, Yun Chujiu kept them in suspense and did not say anything. It was not easy for them to finish the barbecued meat, so Yun Chujiu went back to the house having said that she wanted to get something.

“What’s that smell? It smells like medicine!” Yun Chuba sniffed curiously.

“Yeah! It smells so good! What did Little Jiu hide in the house?” Yun Chuqi echoed.

“It smells like a spirit gathering pill, but smells more potent than that! What exactly is it?” Qing Si asked in confusion.

Not long after, Yun Chujiu came out with a basin.

“La la la! The good stuff is here! Everyone, please take a look!” Yun Chujiu put the basin on the stone table with a bang.

Yun Chusi and the others could not wait to surround her. Then, they were all dumbfounded!

After a long while, Yun Chuwu said anxiously, “Little Jiu! Where did you get these pills? Did you steal them from Elder Qi? Quickly return them! There are so many pills. If they are discovered, Elder Qi will not forgive you!”

“That’s right, Little Jiu. Before anyone finds out, quickly return them!” Yun Chusi advised from the side.

Yun Chujiu pursed her lips. “I really didn’t steal it. Am I such a shameless person?!”

Everyone silently said in their hearts, ‘You are. You definitely are!’

Yun Chujiu saw that everyone was extremely worried, so she could only find an excuse. “Do you see the patterns on the medicinal pills? These medicinal pills were all wasted spirit gathering pills refined by

Elder Qi. It would be a pity to throw them away, so I asked for them! I've double checked. Although these pills aren't the best, two of them can still match the effect of one."

Yun Chusi and the others did not know that transcendent-grade pills existed at all. Seeing that there were indeed patterns on them, they believed her. Yun Chuwu even said, "Little Jiu, you really didn't just take them?"

"Tsk, fifth sister, how could I be so bold?! Don't worry, these pills were obtained in a normal manner! However, Elder Qi didn't allow me to tell others. He was afraid that they would say that he was unjust, so you guys have to keep it a secret!" Yun Chujiu said seriously.

Yun Chusi and the others nodded one after another. Only Qing Si thought about it thoroughly. 'Pills with patterns?! Why do I feel like I've heard my mother mention this before. Why can't I remember what it is?!'

"Come, fourth brother, take this basin of spirit gathering pills and distribute it to everyone every day. Just eat two before cultivating. Don't eat too many!" Yun Chujiu handed the basin to Yun Chusi.
