

The Yun Family's Ninth Child is an Imp! Chapter 2470

Fire Eating Xiu was stunned for a moment. In his heart, it seemed that he was no longer that conflicted about being bound by the contract.

“Master, quickly give me the antidote!” Fire Eating Xiu regained his senses and recalled the important matter.

Yun chujiu touched her nose. “Cough, cough, I don’t have the antidote.”

Fire Eating Xiu:”...”

In the cave, the miserable meowing of a cat could be heard. “Take a look, you are lying! No, lying Xiu! I Don’t want to live anymore!”

Yun Chujiu’s eyes twitched. Could it be that this body had turned into a fire-breathing cat and its personality had changed drastically? It was obviously a Tyrannosaurus rex. How did it turn into a silly little cutie now?

“Stop howling! If a human had taken so many of your transformation pills, they would have returned to normal in eight days. As for how long it would take for you to return to normal, I don’t know.”

When the Fire Eating Xiu heard that it could return to normal, it stopped howling and lowered its head to continue eating the meat buns. It couldn't be helped. Its body had become smaller and it would take a while to eat a bun. Sob, how sad!

Yun Chujiu asked the Fire Eating Xiu to be on alert and she slept through the night in a daze.

The night was peaceful. It was probably the fire eating Xiu's territory, so normal demonic beasts didn't dare to come over.

Of course, this was because the time was short. If a few more days passed, those demonic beasts wouldn't be able to feel the pressure of the Fire Eating Xiu and would definitely come over to test it out.

The next morning, Yun Chujiu put some ores into her storage ring for the Fire Eating Xiu to eat in the future.

Yun chujiu left the belly of the mountain, carried the Fire Eating Xiu onto the flying spirit tool, and headed to Heaven Punisher Academy's Tianluo City.

Although the Fire Eating Xiu was still a little uncomfortable, it was very curious about the colorful world outside. If it wasn't curious, it wouldn't have become a kitten!

Yun Chujiu was afraid that the Fire Eating Xiu would expose her identity. When she got off the flying spirit tool, she put the Fire Eating Xiu into the spirit beast bag.

Yun chujiu entered Tianluo City and found an inn to stay in. Then, she sent a message to Xue Wuji and Jin Zhi, agreeing on the time and place to meet the next day.

In order to avoid complications, Yun chujiu did not leave the inn for the whole day.

At noon the next day, Yun Chujiu checked out of the room and went to a hidden place to change her clothes. She put on a bamboo hat and made several turns to the courtyard rented by the Ye family's guards.

Although the ye family's guards were curious about the bamboo hat that Miss Mao had brought, they did not suspect anything when they saw the token in Yun Chujiu's hand and heard her voice.

Soon, Xue Wuji and Jin Zhi arrived as well.

The three of them entered the house and Yun Chujiu took off the bamboo hat. The effects of the medicine would only dissipate in the evening.

Yun chujiu told the two of them about what had happened and then asked about the situation in the academy.

“Over the past two days, many people have gathered at the Heavenly Dao Cliff. I heard that the Academy organized people to investigate the situation, but it seems that they did not find anything,” Jin Zhi said.

Yun chujiu said proudly, “It would be a miracle if they found anything! Oh right, I’ll let you guys take a look at my new cat cub.”

Although Xue Wuji and Jin Zhi heard Yun Chujiu’s rough description, they were still shocked when they saw the fire eating xiu. It was completely a fire-breathing cat cub., no one would have thought that it was actually a level 45 fire eating xiu.

Jin Zhi, on the other hand, thought that the fire eating Xiu was very cute. She wanted to tease it, but she did not expect the Fire Eating Xiu to ignore her arrogantly.

Yun chujiu pouted at the side and said, “This is a foodie. If you give it some food, it will please you.”

The Fire Eating Xiu looked like it had nothing to live for. It was just hungry yesterday, Okay? It would not abandon its integrity just for a mouthful of food.

However, when it saw the dried fish in Jin Zhi's hand, it immediately circled around Jin Zhi in a flattering manner. It felt very helpless in its heart! It did not want to be like this, but the dried fish looked so delicious. Meow, Meow, Meow. There was nothing wrong with cat love eating fish, right?
