

The Yun Family's Ninth Child is an Imp! Chapter 2472

The ball of yarn trembled even more violently. Was there a sky full of stars? The mirror fragments flashed across its mind. It was so scary! It had to hide its little secret well and not let her know.

Seeing that Yun Chujū was still furious, the ball of yarn comforted itself. Forget it. It would be better to go back and knit its sweater set. A craftsman would not stoop to the level of a rude person like her.

Yun Chujū was filled with anger. Hence, the guy took out the talisman paper and started to draw the earth-splitting talisman.

One, two... five... ten. The guy was drawing faster and faster. Later, he decided to draw with both hands. Soon, there was a thick stack of super-grade earth-splitting talismans on the table.

After drawing a few sacks of super-grade earth-splitting talismans, the guy felt that the anger in his heart had dissipated a lot.

This fellow consoled himself. Being at a disadvantage meant that he was enjoying his life, while being at a disadvantage meant that he was taking advantage. No matter what, he could still hide in the supreme void mirror at critical moments.

Moreover, if he was trapped somewhere, at least he was not afraid of dying of thirst or starvation because of the supreme void mirror. Therefore, the supreme void mirror was still useful.

Yun chujiu consoled herself for a while and took out the lesson schedule for the next day to take a look.

There was a second grade talisman lesson the next day, but she felt that teacher Yang only taught one-tenth of the earth-shattering talisman in one class. She reckoned that he wouldn't be able to teach other talismans in a short time, so she decided to go to the third grade to freeload!

Although Yun Chujiu had received a talisman inheritance from the Heavenly Dao cliff back then, the grade was too high. Her current spiritual power was simply unable to draw it, so she could only freeload from the class.

..

The next afternoon, teacher Yang braced himself and entered the second grade's Day class. He had already made up his mind that he was wrong. He wanted to clarify the truth to everyone and give Yun Chujiu Justice.

However, teacher Yang scanned the classroom and did not find Yun Chujiu. He could not help but feel guilty. Could it be that the little girl did not have the courage to come and listen after being wronged?

On the other side, a certain jiu was already sitting in the classroom of the Third Grade's Day Class.

When the third grade students saw Yun chujiu swagger in, they only had one thought in their hearts. F * ck, this Yun Chujiu had caused trouble for the second grade and started causing trouble for the third grade?

They dared to be angry but did not dare to say anything. They could only hope that teacher Qi, who was in class later, would kick this freeloader out.

However, they were quickly disappointed!

When teacher Qi walked into the classroom and saw Yun Chujiu, she was first stunned. Then, her old face smiled like a flower. "Everyone wants to learn from Yun Chujiu. Look at her. She even came to the third grade to listen to class after class. She's so hardworking!"

The students:"..."

F * ck!

What was going on?

Why would teacher Qi praise this troublemaker in public?

Hardworking? Bullsh * T! She was here to cause trouble! How could a first-year freshman like her understand a third-year talisman lesson?

The students were dumbfounded, but they did not dare to say anything. They felt that teacher Qi must have taken the wrong medicine.

Yun Chujiu was also a little confused. She was already used to being treated coldly with a straight face. She did not expect to be praised today. She was really not used to it.

Teacher Qi smiled kindly at Yun Chujiu, then, he said, "Today, we will learn the level 11 talisman, ice-condensing talisman. Once the ice-condensing talisman is activated, it can slow down the movements of the enemy. Although it is only effective for a few breaths, the battlefield will change in an instant. In a few breaths, the situation will be reversed."

Yun Chujiu's eyes were wide open. Aiyo, this ice-condensing talisman was really not bad. It was a good treasure for escaping! Although one can only last for a few breaths of time, you can use it more!
