

## The Yun Family's Ninth Child is an Imp! Chapter 2479

The Man's spiritual beast was a thirty-feet-long poisonous spiritual python. Not only that, there were also two ten-feet-long poisonous spiritual pythons.

Yun Chujiu's eyes deepened. It seemed that the two small poisonous pythons were supplementary spiritual beasts.

Although Yun Chujiu really wanted to escape from the tunnel, the tunnel was narrow and long. After she entered, it would be even more disadvantageous to her. Therefore, she could only deal with the man in this stone room.

Yun Chujiu had no other good ideas, so she could only release her spiritual power piglets to deal with it.

When the man saw Yun Chujiu release a group of spiritual power piglets, he was shocked. This Yun Chujiu's spiritual power beast was actually piglets?

The disdain in the man's heart was quickly replaced by shock. Although the spiritual power piglets were very weak, they actually started to absorb the spiritual power of the spiritual power poisonous python for their own use.

How, How was this possible? It was simply unbelievable! No wonder the higher-ups ordered to kill this Yun Chujiu. She was indeed a little strange.

Yun chujiu knew that although the spiritual energy piglet was special, the difference between her and the man's spiritual energy level was too big. The spiritual energy piglet would not be able to hold on for long.

It seemed that she could only use the ten-thousand-year-old fire marrow.

Yun chujiu quickly communicated with the ten-thousand-year-old fire marrow, but she found that there was no movement at all. She tragically discovered that perhaps because the ten-thousand-year-old fire marrow had eaten too much fire marrow recently, it actually went into hibernation..

Holy shit!

What should she do?

At this time, the spirit energy little pig had already been scattered by the spirit energy poisonous pythons, and three spirit energy poisonous pythons pounced towards Yun chujiu. Yun Chujiu had just dodged the three spirit energy poisonous pythons, when the man struck her again.

Fortunately, Yun Chujiu's movement technique was flexible enough, and she used all her strength to leap up, barely dodging the man's attack.

“Stinky girl! You actually hid your spiritual power level? But even so, you’re dead for sure today!”The man realized that Yun chujiu was definitely not only at the sixth level of the Ling Xuan Realm, but he did not take it to heart too much.

Yun chujiu was simply at her wit’s end. The talisman could not be used here, and neither could the puppets. She could release a few dumb Cuties, but if the man caught one of them, it would become a bargaining chip to blackmail her.

Or should she enter Xiaojing’s body?

But if that was the case, her biggest secret would be exposed in front of this man. She could not use the great void mirror unless it was absolutely necessary.

Yun chujiu was slightly distracted. The large spiritual power poisonous python bit at her. Fortunately, the Golden Light Sky umbrella given to her by Old Master Ye helped her block this attack.

Yun chujiu was so scared that she broke out in a cold sweat. Oh My God, it seemed like it was better to get more treasures for self-defense.

“Stupid girl, I didn’t expect you to have so many treasures on you!”The Man’s eyes revealed a greedy look.

His words reminded Yun chujiu. She opened all the defensive spiritual artifacts on her body. Although they couldn't withstand a single blow, there were many of them. She could hold on for a while longer.

When the man saw that Yun Chujiu did not care about the attack of the spiritual power poisonous python and pounced on him, he could not help but laugh in his heart. Was this Yun chujiu crazy?

However, he soon discovered that Yun Chujiu's body was shining. Although the sound of her body breaking kept coming, it did not hurt her at all.

While he was stunned, several purple lightning bolts struck him.

Although the man tried his best to Dodge, he was still struck by the lightning on his left shoulder. Although it was not a big deal, it made him angry out of humiliation.

"Damned girl! I originally wanted to let you live a little longer. Since you are seeking death, then don't blame me for being ruthless!" After the man finished speaking, he released a level 39 red-horned striped viper from his spiritual beast pouch, the red-horned striped viper hissed and hissed as it pounced towards Yun Chujiu.
