

The Yun Family's Ninth Child is an Imp! Chapter 2480

Although Yun Chujiu had dodged the attack of the red-horned striped viper, as time passed, there were not many defensive spiritual artifacts left on her body.

Just as Yun Chujiu was about to hide in the great void mirror, Xiao Heiniaoy inside the spiritual beast bag said, "Master, the kitten has transformed. It wants to go out and take revenge!"

Yun chujiu was overjoyed. The recovery of Xiao Heiniaoy was just too timely!

Yun chujiu sneered at the man, "Do you think you are the only one with a spiritual beast? Let Me Show You My Spiritual Beast."

As Yun Chujiu said that, she raised her hand and let out the fire eating xiu.

Before the Fire Eating Xiu landed on the ground, it roared angrily. The red-horned striped Viper was immediately intimidated by the pressure of the fire eating Xiu and trembled. Its spiritual power level was five levels lower than the Fire Eating Xiu, so it could only submit.

The man looked at the Fire Eating Xiu in disbelief. "Fire, Fire Eating Xiu? How is this possible? How can you have a Fire Eating Xiu? This is impossible! Your spiritual power level is so low, how can you tame a spiritual pet with such a high spiritual power level?"

The Fire Eating Xiu did not care whether he was surprised or not. Right now, it only had one thought, and that was to take revenge! Damn it! Didn't this bastard stab it with a needle? Didn't he want to blind it? If it did not kill him today, it would not be a Xiu!

The Fire Eating Xiu spat out a huge fireball at the man, then it roared and pounced towards the man.

The man dodged the fireball while using the spiritual poisonous python to block the Fire Eating Xiu. The red-horned striped viper continued to attack Yun Chujiu.

When Yun Chujiu saw that the Fire Eating Xiu had returned to its original form, she felt relieved. With the help of the Fire Eating Xiu, it was a piece of cake to deal with this man. After all, the level of the Fire Eating Xiu was much higher than the man's.

Yun chujiu saw that the man was beaten by the Fire Eating Xiu until he was unable to fight back, so she released Dumeng to help her deal with the red-horned venomous snake.

Soon, the red-horned venomous snake was killed by Yun Chujiu and Dumeng.

At the same time, the man was completely unable to resist and was forced into a corner by the Fire Eating Xiu.

The Man's eyes revealed a trace of treachery. He raised his spiritual energy barrier to block the Fire Eating Xiu's fireball. He suddenly bit his index finger and began to form a seal.

Yun chujia caught a glimpse of the man's actions and a thought flashed through her mind. She quickly said to the Xiao Heinia, "Quick! Curse! He's going to use a secret technique to escape."

The man had only formed a seal halfway when he suddenly staggered. Not only was the hand seal incomplete, but the protective barrier had also dissipated. It was directly hit by the Fire Eating Xiu's fireball.

The man instantly turned into a fireball. He kept rolling on the ground, trying to extinguish the fire on his body.

How Could Yun chujia give him a chance to escape? She kept attacking him with her silly cuteness. Finally, the man turned into ashes, leaving behind only a storage ring.

Yun chujia sat on the ground and panted heavily. She was still too weak, especially when external forces like talismans and small flames could not be used.

However, her cultivation method was special. No matter how hard she worked, she could not advance without being struck by lightning. If only she had a way to be struck by lightning at any time and place.

Yun Chujiu took a short rest. She picked up the ring and sent her spiritual sense into it. Soon, a token appeared in her hand. The higan flower pattern on it made Yun Chujiu's heart tremble.

When that man formed the seal, Yun Chujiu had already guessed that it was someone from the Divine Devil Hall.

Yun chujiu couldn't help but frown. She didn't expect that the Divine Devil Hall actually had their own power in the immortal Yuan continent. This master of the Divine Devil Hall must be constructing a very big conspiracy. Who exactly was he? What did he want to do? Was he just looking for the eye of earth profound?
