

The Yun Family's Ninth Child is an Imp! Chapter 2483

Yun Chujiu answered dejectedly, then pretended to ask unintentionally, "Teacher Du, I've seen a demon beast called the Fire Eating Xiu on the demon beast map. Does it have any divine or immortal beast blood?"

A certain Xiao Mogu, who was playing with the corner of Yun Chujiu's skirt on the ground, immediately pricked up its ears. Ever since it saw Yun Chujiu's four spiritual pets, it had more or less felt inferior.

That ugly fat bird was actually the Black Phoenix, that little mouse was the stone-eating rat, and that red fox already had four tails now. In the future, it would definitely be able to turn into nine tails. Although it did not know what kind of breed that little mushroom was., it did not look simple either.

Only it was just a demonic beast. Although its level was higher than theirs now, it would not be able to compare with them in the future. Moreover, it had actually turned into a peeper now. It really did not want to live anymore!

Teacher du smiled and said, "Speaking of which, the Fire Eating Xiu is very close to the fire-breathing cat. However, when it evolved back then, it evolved as a branch. "Although the Fire Eating Xiu's level is much higher than the fire-breathing cat's, the chance of it being able to awaken the ancestral blood is also very slim. So far, I have not heard of any success."

Hearing teacher Du's words, Yun chujiu suddenly understood. No wonder the Fire Eating Xiu had turned into a kitten. It turned out that it was related to the fire-breathing cat.

The Fire Eating Xiu originally had a little flame in its heart, but it was immediately extinguished by teacher Du's words. It meowed. It was a thin blue mushroom.

Yun chujju asked what she wanted to ask and then said something else. Then, the topic changed to teacher Ma.

"Teacher Du, I heard that teacher Ma went missing? I also heard that he was greedy for the things from the Beast Master Division. Is It True?" Yun chujju asked teacher du with a gossipy light.

Teacher du glared at her. "Who did you hear nonsense from? Although teacher Ma is a bit of a loner, his character is still okay. Why would he be greedy for the things from the Academy? !!"

Teacher Ma was in charge of raising the spiritual beast cubs. It could be said that he was conscientious and there was nothing inappropriate about it. It's just that recently, he said that he was about to break through and would occasionally take leave."

"Oh, so that's the case. Then why did he suddenly disappear? It's really strange." Yun Chujiu agreed with her words, but her heart was moved. That teacher Ma was in charge of the Demon Beast Cubs? Could it be that there was something wrong with her when she was freeloading from the Demon Beast class that day?

Yun chujju chatted with teacher du for a while more, then she hugged the cat cubs and left.

When she reached the Demon Beast Cubs area, Yun Chujiu deliberately observed that there was nothing wrong with the Demon Beast Cubs. She was really puzzled.

Yun chujiu really couldn't understand it, so she simply didn't think about it anymore. She continued to attend classes and freeloading from classes.

In the blink of an eye, it was the end of the semester, and the final exam had begun.

The final exam, which was held once every six months, was extremely important to the Xingtian Academy because the final exam was held in unison with the WA Stone Academy.

The two academies were secretly competing against each other, so every final exam was a battle of pride between the two academies.

Yun Chujiu wasn't interested in losing face. What she was interested in was the Great Night Luminescent Pearl. The last time, the outer shell of the Xingtian Divine Axe had mysteriously disappeared, or else the great night luminescent pearl would have long been in her hands, this time, no matter what, she had to get first place.

At the pep rally before the final exam, Dean Gongsun gave an encouraging speech. There were also some representatives of the older students who went up to complain about the ugly faces of the WA

Stone Academy. The entire Heaven Punisher Academy was in an uproar, it was as if they didn't want to live until they brought down the WA Stone Academy.

A certain jiu only had one comment regarding this — they were full of themselves!
