

The Yun Family's Ninth Child is an Imp! Chapter 2489

Yun chujiu said slowly, "How is it? As long as you are obedient, I guarantee that you will be able to eat such delicious honey every day.

"As you can see, I have already subdued that group of poisonous bees. If you follow me, do you still worry about not having any honey to eat?"

The Queen Bee who had just woken up heard Yun Chujiu's words and fainted again with a choking sound!

This sinister and vicious girl not only made it use the honey bee trick, but also wanted to use their beehives to feed the wolves. She was too despicable and Shameless! What kind of sin did she commit in her previous life to meet this pervert!

The three heavenly gargantuan wolves were somewhat tempted. With their own strength, they had no way of getting the honey. However, what did this little girl want them to do?

Yun chujiu seemed to understand their thoughts, she said with a smile, "Don't worry. As long as you establish a temporary contract with me, I will fulfill my promise. "I won't let you do anything. But when we pick the Sky Luo Flowers, you can help us be on guard."

The three giant teeth wolves were conflicted. On one hand, they really wanted to eat the honey, but on the other hand, they felt that it was not a wise choice to be controlled by others. Moreover, for the sake

of a mouthful of food, they did not even want the moral integrity of a demon beast. Wasn't that a little too shameful?

"How about this? When we leave the Tianluo mystic realm, I will give you some medicinal pills to stop the bleeding. In this way, in the future, when you are injured, you don't have to go around looking for medicinal herbs to treat your injuries." Yun Chujiu said with a smile.

Xue Wuji and Jin Zhi could almost see the tail wagging behind this fellow. It was like a big-tailed wolf!

The three heavenly gargantuan wolves did not know that this was the little ancestor of a pit beast. Initially, the three of them were already itching to make a move. Now that they heard that there were medicinal pills to stop the bleeding, they immediately forgot about their moral integrity.

Yun Chujiu successfully established a temporary contract with the three gargantuan Sky Wolves, and a certain Jiu's fox tail was revealed!

"TSK TSK, wolf big, Wolf Two, wolf three, I've thought about it carefully just now. It would be a waste of your talents if I just let you guys be on guard duty.

How about this, those who are capable will have to work harder. You guys can be our part-time mounts! "In addition, when we encounter the hive, we'll leave the poisonous bees that the Queen didn't manage to attract to you! "You guys go and attract the poisonous bees, then we'll go and pick the Tianluo Flower."

The three Tianluo giant-toothed wolves: "..."

Question: Is it too late to regret now? I'm waiting online. It's quite urgent!

A moment later, Yun Chujiu and the other two were munching on fruits as they leisurely rode on their wolves to their next destination.

By the way, there were a few tianluo poisonous bees leading the way.

Although Xue Wuji and Jin Zhi had seen a certain Jiu pit beast many times, they were still a little confused. How come they not only had a mount, but they also had the Tianluo poisonous bees leading the way to look for the Tianluo Flower?

Why did it feel like a dream?

They met a few groups of students on the way. When they saw Yun Chujiu and the other two riding on the Tianluo giant-toothed wolf, they were all speechless.

How did they do it? Those three giant-toothed wolves seemed to be of a higher level than them, right?

Fortunately, they did not know that the few giant-toothed wolves flying in front of them had also been subdued. Otherwise, they would have doubted their own lives.

Zhu Jingtong also saw Yun Chujiu and the other two. A vicious look flashed in his eyes. Initially, he wanted to do something in the Tianluo mystic realm. He did not expect that this wretched girl had actually subdued three giant-toothed wolves, it seemed that he could only find another opportunity next time.
