

## The Yun Family's Ninth Child is an Imp! Chapter 2492

"If that's the case, then don't blame me for being impolite!" Liu Pinyan clenched his teeth. It was very difficult to deal with Yun chujiu outside of the Sky Luo Arcane realm, so he had to seize the opportunity.

Jin Zhi and Xue Wuji's eyes flashed with gloating. They would soon regret it!

Even the three Sky Luo Gargantuan Wolves looked like they were watching a good show. These humans were really stupid. Did they think that this little devil was stupid? If there was no backup plan, did they think that this little devil would obediently wait for them to make a move?

Just as Yun Chujiu was about to release the gargantuan wasps to deal with these people, she heard a voice calling for help from afar. Moreover, the voice sounded rather familiar.

Ye Bingyu?

Liu Jinluan and the others also turned their heads to look. They saw a woman desperately running towards them. She looked very disheveled and there were some blood stains on her body. It was ye Bingyu.

Ye Bingyu saw Yun chujiu and hurriedly shouted, "Little jiu, quick! Run! There's a monster!"

Liu Jinluan curled her lips and thought to herself, what a waste! How could there be a monster in this secret realm? It was nothing more than a demonic beast!

Her heart moved. Could This Ye Bingyu be deliberately lying and trying to help Yun Chujiu and the others escape?

“Brother, this ye Bingyu must be spouting nonsense. She’s just trying to help Yun Chujiu and the others escape,” Liu Jinluan said to Liu Pinyan.

Liu Pinyan also felt that the monster ye Bingyu was talking about was impossible to exist. A cold smile appeared on his lips. This Ye Bingyu had been treating him coldly recently, so he could teach her a lesson.

In the blink of an eye, Ye Bingyu had already run to the front of the crowd. She said anxiously, “Are you all stupid? Run! The people who were with me were all killed!”

Liu Jinluan curled her lips. “Ye Bingyu, even if you want to help Yun Chujiu, this B \* TCH, get out of here, can you think of a more reliable excuse?” How could there be a monster in the Tianluo Arcane Realm? It was nothing more than a high-level demon beast! There are so many of us, why would we be afraid of a Demon Beast?”

Ye Bingyu was so anxious that her eyes were red. “Believe it or not! Little Jiu, let’s go quickly! Otherwise, it will be too late.”

Yun chujiu saw ye Bingyu's expression and knew that she was not lying. She rolled her eyes and said, "Sister Bingyu, come over here. I have something to tell you."

Ye Bingyu was so anxious that she was about to cry. What time was it? What was she talking about? !

She could only walk into the encirclement. Just as she was about to ask Yun chujiu what was going on, Yun Chujiu pulled her onto the wolf's back. Then, she shouted, "The wind is tight. Add some ingredients. Blah, blah, blah!"

Upon hearing this, Xue Wuji and Jin Zhi took out two large packets of chili noodles and threw them at the few people who were blocking their way.

After these few days, the three giant-toothed wolves had already understood Yun chujiu and the others' tricks. Therefore, when Yun chujiu shouted, they held their breath and rushed forward with their eyes closed.

The people that Liu Shi and his sister brought did not know that there was such a despicable trick like chili noodles in this world. They choked until tears flowed down their faces. By the time they reacted, Yun Chujiu and the others had already disappeared.

“Cough! Cough! Go after her! Go after her! Find that B \* Tch and I’ll tear her into pieces! Cough! Cough!”Liu Jinluan shouted as she coughed.

Liu Pinyan and the others were about to go after Yun chujiu when they heard someone scream in fear, “Monster! Monster!”

Everyone turned around and saw a monster that they had never seen before crawling towards them quickly.
