

The Yun Family's Ninth Child is an Imp! Chapter 2498

Just as Yun chujiu was frowning, she suddenly had a thought. Just because they didn't know a good place to hide, it didn't mean that the demonic beasts didn't know.

They were the original residents of this place, so they must be very familiar with the terrain here.

Therefore, Yun Chujiu asked the demonic beasts if there was a good place to hide.

The demonic beasts also knew that if Yun Chujiu died, they would also be finished. Moreover, even if they could escape, these monsters would eat them in the future.

Therefore, these demonic beasts thought hard and came up with their own suggestions.

Yun chujiu filtered out some ridiculous suggestions, such as digging a hole to bury herself or a rat hole. However, the words of an inescapable earth-shattering bear made her eyes light up.

According to the inescapable earth-shattering bear, there was a hidden cave dozens of miles away from the forest. The entrance of the cave was not very wide, but after passing through the tunnel, it was very spacious.

Yun Chujiu felt that this cave was very good. Because the entrance was narrow, the monsters were huge and difficult to enter. When the time came, they could attack the monsters in the tunnel.

As long as they delayed until the end of the trial, they would naturally be ejected out, and then the crisis would be resolved.

Yun chujiu thought of this, she said to the crowd, "There is a hidden cave about thirty miles southeast. We will break out of the encirclement in that direction. Everyone, move quickly and hide. We must reach that cave before the monsters discover us."

The crowd nodded and began to retreat in the direction that Yun Chujiu had told them.

Of course, the few people who were tied up were also released. They did not dare to speak anymore and obediently followed the crowd to retreat.

Although the group tried their best to hide their tracks, the two monsters in front of them still discovered them. They quickly knocked down the trees while hissing and sending messages to the other monsters.

Yun chujiu gritted her teeth. "Ignore them, run!"

Everyone knew that if they ran one step slower, they might lose their lives. Therefore, they all desperately followed behind Yun Chujiu and ran quickly in the dense forest.

Yun Chujiu deliberately chose the middle area between the two monsters to break out of the encirclement. Fortunately, this dense forest was large enough. Although the two monsters had received the news, when they rushed over, they had already escaped for several miles.

The monsters were so angry that they hissed. They gathered together and chased in the direction where everyone was escaping.

Yun chujiu followed the guidance of the Heaven and earth splitting bear and finally found the cave entrance that was covered with layers of vines.

Everyone entered the cave in a single file. The entrance of the cave was indeed very narrow, and only three people could walk side by side.

Yun chujiu was very satisfied after observing the tunnel. This tunnel was not straight, but winding, which was more conducive to the ambush.

The only difficulty now was how to deal damage to the monster's limbs.

Although everyone's spiritual attacks were not completely useless, their effects were very limited. No matter what kind of spiritual attacks they used, they could not deal any substantial damage to the monster's limbs.

Yun Chujiu was very resentful of the little flame. Why was she sleeping all of a sudden. Otherwise, with the ten-thousand-year-old fire marrow, she might be able to burn off the monster's limbs in a minute.

Yun Chujiu's eyes lit up as she thought about it. The last time when Xue Mo hid in the stone egg, she used a large kitchen knife to cut open the stone egg. Then, could the large kitchen knife cut off the monster's limbs?

The More Yun Chujiu thought about it, the more excited she became. She was actually looking forward to the arrival of the monsters.
