

The Yun Family's Ninth Child is an Imp! Chapter 2510

At the end of the tunnel was a wide stone hall. Yun chujiu did not have the time to examine the structure of the stone hall, because she felt that the blood in her body was about to freeze.

Xue Wuji and the others were fixed on the stone wall. Each of their chests had been cut open, and there was a limb sucking blood on the wound.

These limbs belonged to a red monster. The monster's body was coiled on a stone platform, and its appearance was exactly the same as the previous monsters. However, the color was more gorgeous, and there was a black horn on its head.

Yun Chujiu jumped up and raised the kitchen knife, slashing at the black horn on the monster's head! She felt that the black horn must be the monster's weakness.

The monster hissed and sneered, but it did not release its blood-sucking limbs. The black horn on its head emitted countless black fog and wrapped around Yun chujiu.

The Black Fog did not turn into a monster, but directly invaded Yun Chujiu's spiritual sense. The intention was obvious, it was to devour Yun Chujiu's spiritual sense.

After the monster hissed and sneered, it said in human language, "Little girl, I originally wanted to capture you and bring you back, but I didn't expect you to be lucky enough to escape. "You are really

stupid. You actually came to me by yourself. Since that's the case, I will fulfill your wish! "The blood of the Heavenly Thunder Spirit Root is like a tiger with wings to help me recover my strength!"

Although Yun Chujiu wanted to scold him, she was currently engaged in a chaotic battle in her spiritual sense, so she had no time to pay attention to him.

At first, the monster was still feeling smug, but soon, it couldn't feel smug anymore. That was because it realized that not only did Yun chujiu's spiritual sense contain purple lightning, but there were also countless weapon spirits.

Those Qi Ling had been hungry for a long time. They did not dare to devour Yun Chujiu's spiritual sense. Now that they saw the black fog, they were like hungry wolves. They were all Qi Ling who attacked spirit or immortal weapons. They had always tried to fight, now that they finally had a chance, they were naturally elated.

Yun chujiu saw that she did not need to do anything. She simply withdrew her spiritual sense and left the black fog to the Qi Ling to deal with.

Yun Chujiu raised her hand and released all the demonic beasts. "Attack together! Kill It!"

The monster couldn't believe its eyes. How could this stinky girl have such a large number of demonic beasts? And they were all high-level demonic beasts?

No wonder the monsters it sent out before didn't catch any high-level demonic beasts. It turned out that they were all in the hands of this stinky girl.

In order to survive, the demon beasts began to attack the monster's limbs.

Although the monster's limbs were extremely tough, they could not withstand the attacks of so many demon beasts. They had no choice but to stop sucking blood and use their limbs to deal with the demon beasts.

Yun chujiu took the large kitchen knife and slashed at the monster's black horn again. Seeing that the black fog was of limited effect, the monster suddenly opened its mouth and spat out a stream of black poison that was as black as ink towards Yun Chujiu.

Yun Chujiu did not Dodge. The large kitchen knife in her hand still slashed at the monster's black horn.

Crack!

The monster's Black Horn broke!

What Yun Chujiu expected did not happen. The monster did not turn into black fog and disappear like the previous monsters.

The monster hissed, "Stupid girl! You actually destroyed my Devil's Horn! However, as long as I absorb the blood of these people and Demonic Beasts, my devil's horn will grow back. As for you, you've already been poisoned by my venom. You're Dead!"

Yun chujiu looked at it as if it was an idiot. She raised her kitchen knife and slashed at its right eye.
