

The Yun Family's Ninth Child is an Imp! Chapter 2511

The monster thought that Yun Chujiu was dead for sure after being poisoned by the poison. It did not expect that Yun chujiu would be able to cut it again. It was too late for it to stop Yun chujiu with its limbs.

The monster's right eye was cut into a bloody mess by Yun Chujiu. It flew into a rage and used its thickest limb to strangle Yun chujiu, wanting to strangle her to death.

Yun chujiu slashed at the limb, and the bucket-sized limb was instantly cut off, and black juice flowed out from it.

The monster was both shocked and scared. "You, you're not human! How can you not be afraid of My Venom? !"

Yun chujiu still did not say anything. She jumped up again and slashed at the monster's left eye. Although she was usually willing to be arrogant, it did not mean that she did not know her limits. At this time, the priority was to kill the monster, there was no need to argue with it.

The monster knew the power of the big kitchen knife. It cunningly rolled up a few students to block in front of it. It laughed strangely and hissed, "Stupid girl, go ahead and Attack! Quickly put down the kitchen knife, or I will strangle them to death."

The students looked terrified. They did not know what Yun Chujiu would choose. Even if they were sacrificed, it was still acceptable. After all, sacrificing more than ten of them could save the remaining hundreds of people.

Yun chujiu stared at the monster's left eye. The purple lightning in her eye started to Crackle.

Both the monster and the students were stunned by this strange scene. How could there be a purple lightning in a human's Eye?

However, they suddenly felt that their spiritual sense was a little blurry. They tried their best to open their eyes, but they could not.

The monster's left eye had also become blurry. Yun chujiu did not know what was happening in her eyes, but she seemed to be a little distracted when she saw the monster. How could she let go of such a perfect opportunity.

Yun chujiu jumped up and slashed at the monster's left eye. Then, she took the opportunity to cut off the monster's limbs and saved the trapped students.

Yun chujiu jumped to the ground and cut off the monster's four legs. Then, she slashed at the monster.

The monster was furious. She didn't believe that it wouldn't die even if she chopped the monster into meat paste!

At first, the monster tried to struggle, but it met a monster. Yun chujiu's body had been dyed black, but she was still alive and kicking.

On the contrary, some students and monsters were accidentally contaminated by the black liquid, and a piece of their flesh was corroded.

The monster gradually lost its breath. Just when Yun Chujiu was about to let out a sigh of relief, a cloud of black mist flew out of the monster's body, trying to escape.

Yun chujiu used her spiritual sense to kill the cloud of Black Mist in a moment of desperation.

The cloud of black mist struggled desperately, "Stupid girl! I was about to retreat, why do you still refuse to let me go? ! Aren't you afraid that I will perish together with you?"

Yun chujiu kept striking at the black fog with purple lightning, sneering, "Burn myself to the ground? A person like you is at most a rotten egg, what's there to burn? ! Prepare to die!"

The black fog hissed, "Good! Good! Since you're so stubborn, I'll kill you even if I can't Get You Back!"

As the black fog spoke, it suddenly began to spread, like a balloon being inflated.

Mao Xianqiu suddenly said to Yun chujia, "Master, Jing Jing said that you must think of a way quickly. Otherwise, if that thing self-detonates, not only you, but the entire Tianluo arcane realm will be finished!"
