

## The Yun Family's Ninth Child is an Imp! Chapter 2513

The leaves of the guai Cao swayed. "Aiyo, this little girl's move actually worked?"? It was really a blind cat meeting a dead mouse!

The grand illusionary mirror glanced at the black bead. It had originally planned to make a move, but it did not expect the black bead to make a move before it did. This old thing was really proactive this time.

The monster outside screamed. It did not expect that Yun Chujiu's Dantian actually had purple lightning. What kind of monster was this? !

The monster was afraid that Yun Chujiu would devour it again, so it changed its face, it said pitifully, "Stinky, little girl, Little Fairy, Let's talk it out. "As long as you let me go, I will definitely not mistreat you. "I will give you all the tianluo flowers and high-level herbs in the Tianluo mystic realm as a reward.

"Not only that, I will also agree to three conditions. With such a powerful helper like me, you will definitely become a powerhouse in the future."

Yun chujiu bared her little white teeth. "I'm sorry, I'm not interested in any strong person. I'm Hungry Now!"

As Yun Chujiu spoke, she began to suck on the black fog. If she let go of this monster, wouldn't she become the farmer who was bitten by a snake? She was not that stupid!

The black fog struggled desperately, but Yun Chujiu's spiritual sense had been firmly locked onto it. It had no way of escaping. In addition, Yun Chujiu had sucked all kinds of strange poison in the past, so she had some experience in swallowing things, not long after, she bit off another part of the Black Fog.

After that part of the Black Fog was sucked into Yun Chujiu's body, she was afraid that it would be hit by the small lightning in her dantian, so she planned to explode on the spot and kill Yun Chujiu first.

Unexpectedly, there was a huge suction force from her dantian. She had no choice but to be sucked into her Dantian again, and was struck into nothingness by the small purple lightning.

The remaining black fog outside said in a flustered and exasperated manner, "Stinky Girl! You, you are the monster! "How do you think they will look at you when they see that you can actually suck me dry? "If I Were you, I would kill these people to silence them and then join hands with me to share the glory of eternal life. You should take care of yourself!"

Yun chujiu smiled brightly. "Thank you for the reminder, but I still have to eat you because I am even hungrier now!"

"You'll regret it! I curse you to be eternally doomed! You'll die a horrible death..."

Before the black fog could finish speaking, it was swallowed by Yun Chujiu. Then, it met the same fate as the black fog from before. After it was sucked into the Dantian, it was struck into nothingness by the Purple Lightning.

Yun chujiu looked inside and saw that there was nothing wrong. Then, she looked at the people trapped on the ground and the stone wall.

"I don't want people to know that I'm not afraid of the black poison and the Black Fog. So, you can swear!" Yun Chujiu's voice was very calm, but her tone was unyielding.

Everyone obediently swore. It was not because they were aware of it, nor was it because they were grateful. It was because no matter who was forced by the kitchen knife to their neck, they would not dare to refuse!

Yun chujiu saved the person who was fixed to the wall. After letting everyone take the healing pills, she sat on the spot and meditated.

Yun chujiu used this opportunity to make up a story, saying that the monster was struck by lightning and died suddenly. This way, she could avoid a lot of trouble. Of course, she still had to tell everyone about the resurrection Lily. She could use this excuse to tell Dean Gongsun about teacher Ma.

Yun chujiu pried off a few pieces of bluestone from the ground and prepared to use them as evidence.
