

The Yun Family's Ninth Child is an Imp! Chapter 2514

Yun chujiu was prying the stone slab when she noticed the movement of the stone table under the monster.

Everyone's expression changed. Could there be another monster?

Even if Yun Chujiu was a monster, it would be hard enough if another one came!

Yun chujiu held a large kitchen knife and stared at the Stone Table.

Unexpectedly, a pitiful cry for help came from inside. "Help! Help! Quickly save me! I'm the Qi Ling of this Tianluo Mystic Realm!"

Qi Ling?

Yun chujiu frowned. She took out a rolling pin and made it grow longer. Then, she hit the stone platform.

The stone platform was immediately smashed into several pieces. Only then did everyone realize that the stone platform was empty. There was a strange thing inside.

Although that thing looked 70% human-like, it had a pair of huge protruding ears and a furry tail behind it.

That thing was tightly bound by the iron chain. It cried, "Good Samaritan, please save me! Please help me untie the chain! I'm the Qi Ling of this Tianluo Mystic Realm. As long as you let me go, I'll definitely be rewarded."

Everyone looked at Yun Chujiu. After this series of events, they had treated Yun chujiu as their backbone. They did not dare to make decisions casually.

Yun chujiu glanced at the thing that called itself Qi Ling and curled her lips. "You said that you are the Qi Ling of Tian Luo mystic realm. How can you prove it? I think you must be the remnant of that monster!"

The thing whimpered, "Aren't you making things difficult for me? How can I prove that I am me? This is an unreasonable request! If I were the remnant of that thing, would I be trapped here?"

"How to prove it is your own business. If you can't prove it, then I can only kill you to prevent any future troubles." Yun Chujiu said with a cold smile.

That thing rolled its eyes and stopped crying, its tone became fierce, “Damn girl! Don’t refuse the toast with force. I am the Qi Ling of this Tian Luo mystic realm. If you don’t let me go, none of you will be able to get out! “Even if your teleportation formation is useless, you will be trapped here until you die!”

Some people looked at Yun chujiu when they heard what the thing said. The meaning was obvious. It was better to let the thing go. Otherwise, it would be bad if they were trapped here.

Yun chujiu walked to the thing with a big kitchen knife, she rubbed the kitchen knife on the thing’s face. “Are you threatening me? I dare to kill that monster. What are you, a Qi Ling? If you really have spiritual power, would you ask us for help? Are you kidding me?”

The creature’s eyes flickered. “HMPH! Although my spiritual power is trapped, I still have a lot of supernatural powers. Otherwise, how do you think you guys got here? Wasn’t it me who teleported you here? !”

After the creature finished speaking, it immediately received the resentful gazes of everyone. It was dumbfounded! It’s over! It said it was bald!

Yun Chujiu looked at that thing coldly, but she did not curse it, instead, she said slowly, “You can teleport us away now. That way, no one will look for you to settle the score! Then, you can be tied up like this forever. This little posture is quite beautiful!”

That thing almost passed out. Beautiful? Try being tied up like a dumpling!

Although it could teleport Yun Chujiu and the others away, no one could help it remove the chains on its body. Although it could teleport people from other areas, it was still worried.
