

## The Yun Family's Ninth Child is an Imp! Chapter 2521

Mayor Huang was also stunned when he heard Yun Chujiu's words. Then, he laughed out loud. "You Little Girl, you sure know how to talk. Don't you know that I feel much younger after looking in the mirror these past two days?"

Dean Gongsun and Dean Duanmu nearly vomited!

Pui! Your old face is like the bark of an old elm tree, and you look much younger? Shameless!

Everyone exchanged some pleasantries before boarding the flying spirit tool.

Tian Luo City was hundreds of thousands of miles away from rising sky city, and it would take at least ten days to travel there. That was why Dean Gongsun and the others would board the same flying spirit tool.

This was also to help each other out. After all, the superposition of the three forces would be even stronger.

Yun chujiu was very tactful. After boarding the flying spirit tool, she tried to play nice for a while before returning to her room to avoid being disliked.

The journey was very smooth and there were no accidents. Ten days later, the flying spirit tool arrived outside of the city of rising sky city.

After Yun Chujiu got off the flying spirit tool, she was really shocked by the majestic atmosphere of rising sky city.

If Tian Luo City was the size of a soybean, rising sky city could be called an apple! The city walls were tall, and the city gates were simple and sturdy. The words "Rising Sky City" written on the board made people feel as if they were soaring into the sky.

Yun Chujiu overturned her previous evaluation of the Sky Bearing Alliance. It seemed that the sky bearing alliance was not just a show. Since they could build such a city, their strength could not be underestimated.

The city gates of rising sky city were wide open. Although there were guards on duty, they would not check on pedestrians. This kind of situation showed that the sky bearing alliance was very confident in their strength. They believed that no one would dare to mess around in rising sky city.

Beside the guards stood a middle-aged man dressed in sky bearing alliance attire. From the looks of it, he should be here to welcome the guests.

As expected, when that person saw Yun Chujiu and the others coming over, he greeted them with great hospitality.

“Mayor Huang, Dean Gongsun, Dean Situ, the three of you have come from afar. Thank you for your hard work!”

Yun Chujiu, this fellow, was slightly unhappy in her heart. Could it be that she had not seen such a big living person? Even if you didn’t know her, it was still considered polite to at least give her a nod. She was just being snobbish!

Yun Chujiu was good at Reading People’s expressions. She could tell that this person was not trying to please Dean Gongsun and Dean Situ. He was trying to please mayor Huang.

Mayor Huang didn’t seem to buy it. He just replied indifferently and asked, “Liao Wei, where are our accommodations arranged?”

Liao Wei didn’t seem to notice mayor Huang’s indifference to him. He continued to say obsequiously, “The three of you are arranged to stay in the earth-class guest house. There will be people there to receive you.”

Mayor Huang nodded and then led everyone into the rising sky city.

Liao Wei saw that Yun Chujiu and the others had gone far away, so he took out a voice transmission talisman. “Master, Huang Yichen has arrived.”

It was unknown what was said on the other side, but Liao Wei's gloomy and cold expression flashed across his face. Then, he continued to greet the guests with a smile on his face.

Mayor Huang introduced the guests as he walked. Yun Chujiu felt that her eyes were not enough. Aiyo, there was always someone better than her. There was always someone better. The prosperity of this rising sky city was simply beyond her imagination.

However, it was also true. Just like how the eastern continent and the Western continent were worlds apart, the area occupied by the super aristocratic families and super sects was naturally more prosperous than the area around Tian Luo City. Even the spiritual energy was much denser.
