

The Yun Family's Ninth Child is an Imp! Chapter 2522

Yun chujiu glanced around casually. There were many people on the streets that she couldn't see through. This meant that these people were at least at the spiritual void realm or above.

When Dean Gongsun disembarked from the spaceship, he specially instructed yun chujiu, "Yun Chujiu, this rising sky city isn't like the Heaven Punisher Academy. When the time comes, you must not provoke any trouble.

Your Ye family is high and mighty in our place. In rising sky city, you might not even be considered a second-rate force. Any random person on the streets might not be someone you can provoke. If you stir up trouble, I won't be able to protect your little life."

Yun chujiu immediately swore an oath that she would definitely be honest and would definitely not stir up trouble.

Dean Gongsun nodded, but he was still worried. For some reason, he felt that his right eye was twitching non-stop. He had a feeling that the little girl in front of him would cause trouble.

Therefore, although Dean Gongsun said this to Mayor Huang, he kept his eyes on Yun Chujiu, afraid that she would cause trouble.

Yun chujiu realized that Dean Gongsun was staring at her, and she could not help but be speechless. She might be a little out of line, but she would not cause trouble, right? Did this old man have to go so far?

Although Yun Chujiu really wanted to take a good stroll, the three old men weren't interested in shopping. They walked through the streets and alleys and soon arrived at the guest quarters of the Sky Bearing Alliance.

The Libra Alliance occupied nearly one-third of the rising sky city's area. Just the guest quarters alone had hundreds of them and were divided into four areas: Heaven, earth, black, and yellow.

It was obvious that the guest quarters were divided into different levels. The heaven-shaped guest house was the best, followed by the earth-shaped guest house, followed by the black-shaped guest house. The yellow-shaped guest house was basically where the guests' guards lived.

The Sky Bearing Alliance's guest houses were all equipped with guards and maids. Therefore, guests were usually only allowed to bring two guards in. The rest of the guards would be arranged in the yellow-shaped guest house.

Dean Gongsun and Dean Situ had been here a few times before, so they were very clear about the rules here. Mayor Huang was a local household, so he naturally knew everything.

The three of them led Yun Chujiu to the gate of the house with ease, and a steward immediately came out to welcome them. After some small talk, the steward arranged for the maids to bring the four of them to their respective courtyards to settle down.

Dean Gongsun was very thoughtful. He specially assigned two guards to Yun Chujiu to prevent her from being unfamiliar with the place and being restricted.

It was obvious that Dean Gongsun had underestimated a certain Jiu's thick skin. Even if this fellow was thrown into hell, he would probably be a good friend of King Yama. How could he be restricted? !

Yun chujiu followed the maid who led the way to a courtyard. Yun Chujiu did not show it on the surface, but she was once again unhappy in her heart.

Although the courtyard she was in was also considered an earth room, it was obviously the worst among the earth rooms. Yun Chujiu had every reason to believe that this courtyard was not even comparable to the Xuan Room.

As for why she thought that way, it was because the contrast was too obvious, okay? !

The courtyard on her left was an earth room, which was almost three times the size of her courtyard. The wall on her right was separated by the Xuan Room, and the courtyard was also twice the size of her courtyard.

Although Yun Chujiu was a little unhappy, she thought about it and decided to forget it. If they were to really compete, her status was really not comparable to an earth room.

Anyway, she would be going back after staying for a few days.

Two maids and two guards stood at the entrance of the courtyard. It seemed that there was nothing wrong with them.

The maid who was leading the way said a few polite words and then left.

Once the maid left, the attitude of the two maids and the two guards immediately changed. They were so arrogant that they wished they could grow eyes on their backs.

The two guards behind Yun chujiu frowned slightly. However, since their master did not say anything, they naturally would not say anything.
