

## The Yun Family's Ninth Child is an Imp! Chapter 2527

After Yun Chujiu had a free meal, she said her goodbyes slowly and left Old Master Ye's guest house.

On the way back, Mingyue's expression was very ugly. Clearly, she was complaining that Yun Chujiu had stayed too long.

Yun chujiu thought to herself, jump around! Seeing that you willingly took the poison, I won't Teach You a lesson for now.

After the two of them returned to the guest house, Mingyue grumbled quite a bit, almost pointing at Yun Chujiu's nose and cursing. Yun chujiu acted as if she didn't hear anything and slowly entered the bedroom.

Yun Chujiu spent a lot of effort to communicate with guai Cao before she understood.

The poison in the vegetables only had one effect, and that was to make one's spiritual power disappear. This poison was very strange. It hid for a very long time, and it would take at least seven days for it to take effect. Moreover, once it took effect, the lost spiritual power would not be able to be recovered.

Yun chujiu counted with her fingers. Even if they were the first batch to arrive, they would still leave the rising sky city seven days later. Could it be that they wanted to make a move on the way?

Was this matter the work of the Sky Bearing Alliance or the Divine Devil Hall?

No matter which faction did it, this plan was really successful! The people who came this time were all the leaders of the immortal essence continent. As long as these people were killed, all the major factions would be greatly weakened. The mastermind would naturally be more than happy.

Yun Chujiu wasted a lot of effort to ask about the formula of the guai Cao's antidote. She never expected that although this poison was insidious, the antidote was very out of Yun Chujiu's expectations.

The antidote was simple, but it was also not simple. The antidote to this poison did not need to be refined. It only needed the juice of the coral fruit to detoxify the poison.

However, there was a problem!

The coral fruit was only a level one spirit fruit. Only low-level continents could grow it. In a high-level continent like the immortal Yuan continent, even if one scraped the land three times, there would not be such a low-level spirit fruit.

Yun Chujiu silently glanced at her storage ring. She remembered that she had stored a lot of coral fruits in her storage ring.

Later, di beiming gave her a lot of delicious spiritual fruits. She despised the coral fruits because they weren't delicious. Therefore, those coral fruits were still there.

Moreover, even if she didn't have them in her storage ring, there were plenty in the great void mirror. She could have as many as she wanted.

Yun chujia burst into laughter as she thought about it!

She sympathized with the mastermind. If she hadn't come, his plan would have been successful without a hitch. Unfortunately, this bad thing of hers had come!

She was also helpless. Why was she always forced to be the one to turn the tables? She just wanted to be a quiet foodie.

This fellow rolled his eyes. This time was different from the trials within the Xingtian Academy. It wasn't a good thing to be in the limelight too much. It was best to do it quietly like a spring breeze.

Sometimes, it wasn't a good thing to shine too brightly. It was better to keep a low profile.

Yun chujiu rested her chin on her hand and thought for a while. After she felt that her plan was foolproof, she continued to flip through the storybook.

The next day, it was finally the day of the gathering.

Everyone left the guest house and headed to the meeting hall of the Sky Bearing Alliance.

Yun chujiu naturally followed Dean Gongsun. Dean Gongsun once again instructed her to be careful with her words and actions when she arrived at the meeting hall and not to act rashly.

Old Master Ye also specially came over and instructed her once. He was afraid that Yun Chujiu would cause trouble and implicate the ye family as well.

It was rare for Yun Chujiu to reflect on herself. was she really that unreliable? Why did everyone think that she would cause trouble? She was clearly your savior, alright?
