

The Yun Family's Ninth Child is an Imp! Chapter 2529

Old Master Ye frowned. He felt that the fan family head was truly a little too much.

Even if you felt that the little ninth girl's words were a little exaggerated, you could just blame her. Why was there a need to release pressure?

Old Master Ye felt that this matter was inextricably linked to fan suxue, but even if he was dissatisfied in his heart, he did not dare to say anything. After all, the Ye family and the fan family were not on the same level at all.

Although some people present also felt that what the head of the fan family did was somewhat inappropriate, no one was willing to offend the head of the fan family because of a little girl they did not know.

Moreover, if that Yun chujie could not withstand the pressure, she would just kneel down. It was not a big deal for a well-known junior like her to kneel down to the head of the fan family.

When everyone thought that Yun chujie would be forced to kneel down by the head of the fan family, they saw that although fine beads of sweat were oozing out from the forehead of that little girl, she still stood straight and said in a clear voice,

“Senior, although this junior's spiritual power is low, I also know the principle of prudence. Everything I said just now is true. If any of those words are a lie, I will be struck by lightning and die a horrible death!

“Moreover, it is very easy to verify my words. Send a few people to the Tian Yuan continent to investigate and find out if I am lying. “So, would I be so stupid as to fabricate such a lie?”

The meeting hall was silent. Everyone was stunned by Yun Chujiu’s performance.

Firstly, they were surprised that she actually gritted her teeth and endured the pressure of the fan family head. This little girl was really stubborn and proud. Secondly, although she said these words to answer the fan family head’s question, the word “Stupid” in the end was like a reflection of the fan family head.

This little girl was really too bold!

Wasn’t she afraid that the fan family’s patriarch would blame her in a fit of rage?

The fan family’s Patriarch’s expression was very gloomy as he snorted coldly, he increased his pressure once again. “Little girl, what you said is easy. Putting aside the fact that heading to the Tian Yuan continent’s enchantment has a certain level of risk, just this trip alone will take about half a year’s time.

“According to what you just said, there was once a giant hand that tore through the void and saved the people from the Divine Devil Temple. It’s impossible!

“Because only God can tear through the void, and God is already a legendary existence. How could there be a god?”

Beads of sweat dripped down Yun Chujiu’s forehead, however, her back was still straight. “Senior, I’m young and inexperienced. I don’t know if God exists. I only know that what I said is the truth. Besides, no matter what I do, there is always a motive. Why would I make up such a lie? What good would it do me?

Is it for my reputation? I saved the students of the Xingtian Academy. My reputation is enough. Moreover, the matters of the Divine Devil Hall are confidential. I can’t go around the continent and claim that I’ve met the people of the Divine Devil Hall before.

As for the benefits, there was no way to talk about it. To put it bluntly, I had ruined the Divine Devil Hall’s good deed this time. They wanted nothing more than to kill me to vent their hatred.

If it wasn’t for the safety of the immortal Yuan continent, would I have foolishly stood up and told them the truth?!

In the Tianluo secret realm, I didn’t abandon my classmates. After leaving the secret realm, I didn’t care about my own safety to hide the truth. “Although I, Yun Chujiu, am not a great hero, I can at least have a clear conscience.

“Senior, you are a highly respected person. I am just an unknown little girl. I have explained everything that I can. If you still do not believe me, then I have no choice.”

The beads of sweat on his forehead were obviously forced out by his spiritual power. This guy was not even afraid of the pressure of the Heavenly Thunder. How could he be afraid of the pressure of the head of the fan family!
